NARRATIVE/ELEMENTS:

On 8/27/2025 around 0830, I was driving northbound on Lyndale Ave S. near 54th St. in South Minneapolis when I noticed two Minneapolis PD squads with their emergency lights on parked on 54th St. in front of what I would later learn to be Annunciation Church, 509 W 54th St., Minneapolis MN. I believed the squads to be on a traffic stop and continued driving north on Lyndale Ave. S. Within several seconds, I noticed two or three Minneapolis PD squads driving southbound on Lyndale in the direction of Annunciation Church with their emergency lights and sirens activated. I took note of this because of the exceptionally high speed they were driving. Within a very short time after this, HIDTA Analyst Rydell sent a message out in the Drug Task Force group message indicating there was an active shooting at an address in Minneapolis. I believed that the address was in South Minneapolis, but I didn't see any other details in the message at this time other than the radio channel being used was LTac10E. I turned the radio on, but don't recall any of the traffic being said.

I turned my squad around, activated my lights and drove to the area I'd seen emergency lights a moment prior. I believed that I would be showing up to the scene well after any shooting incident or anything of that nature would have occurred. As I arrived, I noticed an extremely chaotic scene with people screaming, crying and running in all directions. There were people in their homes on the north side of 54th St. looking out towards the church. I got out of my car, went to my trunk, and put on my police vest and gun belt. I recall seeing lines of children walking out to the sidewalk and to the west. I also recall seeing a Catholic priest walking down the stairs in front of the church slowly while holding the handrail. The front doors of the church were opened. Before getting to the entrance doors, there was a large walkway with grassy area on each side of the walkway. There were many children, which I initially estimated to be 15 to 20 in the area outside of the church, that were injured. There were children sitting, standing, and a couple laying down. I noticed people holding bandages to wounds. I remember seeing wounds to the side of a child's neck, a child's arms, and a child's abdomen region. I recall having a thought while scanning the injured outside that everyone appeared conscious, the injuries didn't appear fatal, and people were tending to the injured. I thought this last part because there seemed to be some sort of organization to how the injured were arranged outside and I saw adults with the children.

As I neared the front doors of the church, I realized ambulance(s) were lined up just to the west and I heard the driver of one of them yelling, "is it code 4?" I went into the church and immediately saw law enforcement with their guns drawn standing towards the south side of the sanctuary. Among these officers, I recognized ATF SA John Miller and went to him. Before getting to him, I learned that the church was still being cleared and I heard the first report that the shooter was down. As I walked through the church, I recall seeing multiple areas of smeared blood, drops of blood, and pools of blood on the floor and on the pews. There was a very strong odor of what I believed was gunpowder inside the church. I had the thought that there was an overwhelming smell of gun powder, but I didn't seen any spent casings. I later also realized this smell was from the smoke grenade attached to an east-facing exterior door.

It was later described to me that I likely walked by Fletcher Merkel and Harper Moyski in the pews, but I don't recall seeing them. I made it to the south part of the sanctuary and began clearing some of the rest of the building with other law enforcement. At around this time, I heard radio traffic that other law enforcement was clearing another part of the church and were in a basement. I also recall someone on the radio saying that many kids were locked in a room in the basement. I believed we were making our way towards them in the rear part of the church. We encountered two doors that faced east that had horizontal push bars across them. We found these doors would not open. At the time, we didn't realize these doors were exterior doors but thought they were barricaded and believed it necessary to clear the area behind the door. SA Miller tried kicking the left door open, but it only opened part way. However, when it opened, I saw a 2x4" piece of lumber holding the door shut. I then kicked the right door, which broke the exterior handle on one of the doors, freed the lumber from the barricaded position, and both doors could then open.

As we opened this door, ATF SA Szondy announced that there appeared to be an explosive device attached to the barricaded door. SA Miller and I immediately withdrew from this door and went back into the church momentarily. I broadcast over the radio about a possible explosive device being located. My radio cut out during two transmissions of this message, so I was unsure if this information was sent over the radio or not until I heard acknowledgments about having bomb squad respond, as well. Within a short time of finding this device, SA Szondy (who I remembered was an explosives expert) deemed the device appeared to be a smoke grenade. I subsequently found myself on the east side of the exterior of the church after confirming the only suspected shooter was deceased. I viewed the shooter, who was laying on the ground with a pool of blood around his head by some doors on the south side of the church. The shooter had a black ski mask on with “FEAR” written in white letters on the forehead region. I recall there being two long guns on the ground nearby.

I remained on the east side of perimeter on the exterior of the church for an extended time, believing that no further clearing or medical aid was needed inside or in the front of the church. There was a sidewalk that ran the length of the east side of the church. We found several AR-15 magazines and dozens of spent rifle casings on the ground on the east side of the church. We noted that the magazines were written with white markers with things such as “hahaha” and “for the children”. I found a black semi-automatic pistol partially concealed under a bush just outside of the previously barricaded doors. This firearm, too, had writings on it. I didn’t handle or manipulate this firearm, but other ATF agents obtained the serial number and make/model from it. I overheard one of the agents say that some of the writing on the pistol was one of the victims from the Ruby Ridge standoff. I saw that the pistol’s slide appeared jam and it seemed like the pistol had a misfeed. I also noticed a live pistol cartridge on the east side of the sidewalk in the dirt. We noticed that the windows of the church were shot out on the east side of the building. Other ATF agents and I secured this area in order to prevent contamination of the crime scene. The scene was ultimately handed over to Minneapolis PD.

After some time, many other officers and I searched a several block radius of the church for any other evidence/victims/etc. Nothing was located during this search. I should note that I made contact with a resident of 5337 Grand Ave. S. after noticing two large suitcases left out in their driveway. I confirmed that a resident left them there upon recently returning home. At around 2:00 p.m. or so, I cleared the scene and took no further action related to this case.

I did not activate my body camera during any of this incident due to the emergent nature of the response.

- The property or things above-described constitutes evidence which tends to show a crime has been committed, or tends to show that a particular person has committed a crime.

The facts establishing the grounds for issuance of a search warrant are as follows:

Your Affiant, Detective Salchow, is a Licensed Peace Officer in the State of Minnesota and is currently employed by the Maplewood Police Department. Your Affiant is currently assigned to the Minnesota Bureau of Criminal Apprehension's Violent Crime Reduction Unit as a task force officer. Prior to this assignment, your Affiant served as a patrol officer and field training officer. Your Affiant has been a licensed peace officer since 2019 and has experience investigating a variety of crimes, including violent crimes/crimes against persons, shootings and homicide investigations, fugitive apprehensions, and firearms/weapons violations.

On 8/27/2025 at around 0830 hours Minneapolis Police were dispatched to an active shooter at Annunciation Church located at 509 54 St W in the City of Minneapolis, County of Hennepin, State of Minnesota.

Upon arrival, Minneapolis Police searched/cleared Annunciation Church and located multiple injured and deceased persons. The scene/investigation is active currently and information is still developing.

Minneapolis Police officers located a person behind Annunciation Church deceased, with an apparent self-inflicted gunshot wound to their head, and wearing black "tactical" gear/equipment. At least two firearms/long-guns were located in immediate proximity of this person. Preliminary information developed by police and investigators suggests this person is WESTMAN, ROBIN M (Date of Birth: 6/17/2002). ROBIN WESTMAN's Minnesota Driver's license is listed as 7509 Lyndale Ave S #7 in the City of Richfield, County of Hennepin, State of Minnesota.

Minneapolis Police located a 2015 Ram Promaster City van (Minnesota License Plate (MN LP): FXV442; VIN: 13.82 - Law Enforcement parked behind Annunciation Church with at least one of its rear doors opened and a rifle case visible to officers. That vehicle, per Minnesota Driver and Vehicle Services, registers to JAMES ALLEN WESTMAN (Date of Birth: 7/4/1963). The vehicle MN LP: FXV442 registers to 5710 1st Ave S in the City of Minneapolis, County of Hennepin, State of Minnesota.

Investigators and Police Officers from the MN Bureau of Criminal Apprehension (BCA) and Minneapolis Police Department made contact with JAMES WESTMAN and another adult female at 5710 1st Ave S in Minneapolis and had them exit the premise. Investigators and Police Officers conducted a preliminary protective safety sweep of the premise at 5710 1st Ave S in Minneapolis. Investigators and Police Officers have since exited the premise and established a secure perimeter around the premise awaiting a signed search warrant.

Per JAMES WESTMAN's conversation with Minneapolis Police Sgt. McCarthy, JAMES WESTMAN confirmed ROBIN WESTMAN is his child and drives the Ram Promaster City van bearing MN LP FXV442 found at Annunciation Church. Additionally, JAMES WESTMAN advised Sgt. McCarthy that ROBIN WESTMAN lives at 7509 Lyndale Ave S #7 in the City of Richfield, County of Hennepin, State of Minnesota; however, broke-up with a significant and/or romantic partner from that premise recently and has recently been staying with a friend, preliminarily identified as PHILLIP JONATHON GAPP (Date of Birth: 12/19/1989), at GAPP's address at 3252 Jersey Ave S in the City of St. Louis Park, County of Hennepin, State of Minnesota. JAMES WESTMAN also advised Sgt. McCarthy that ROBIN WESTMAN formerly attended Annunciation Church/School and that his former spouse and ROBIN WESTMAN's mother worked at Annunciation Church/School is some capacity.

Additional developing information suggests that ROBIN WESTMAN posted/made several "manifestos" and other documents, diagrams, planning articles, etc regarding this incident to social media platforms.

Given this information, investigators and police officers from the Minneapolis Police Department, Minneapolis Police Bomb Squad, and the MN BCA request the court grant this search warrant to search the premise of 5710 1st Ave S in the City of Minneapolis, County of Hennepin, State of Minnesota to include the main residence/structure, the detached garage, any outbuildings or storage structures on the premise, and any spaces, compartments, locked areas, etc within any structures on the premise for the following items:

SKALA STATEMENT #312

WEGNER, CHRIS 312 **08/27/2025**

On 08/27/2025 around 0907 hours, I, along with other members of the Traffic Unit were asked to assist Minneapolis in regards to a School shooting that occurred at Annunciation Church, 509 W 54th St, Minneapolis.

We arrived on scene and were asked to assist in locating witnesses and interviewing them if they had not been spoken with. I located an elderly female, identified verbally as Skala, Carol, who advised that she was inside the church when the shooting started.

Skala stated the following.

She arrived around 0806 hours, she advised that mass was suppose to start at 0815, but didn't which she remembered being odd. She said about 2 minutes later, around 0817, she started hearing shots ring. She said they started off slow, but then started to go faster. She thought it was over 10 shots that she heard, but was unsure.

Skala advised that she was 12 rows from the back and at one point felt, what she described as a fragment, going through her hair. The shooting then stopped. Captured on BWC.

Once I was done talking with Skala, I assisted in helping families find their children, as well as creating a path for kids and families to exit from the School. We assisted wherever there were resources needed and help guide other resources with the information that we had.

No further information at this time.

Narrative begins on the following page.

On 8/27/2025, Special Agents CHURNESS and VAN DER HAGEN interviewed JAMES WESTMAN.

The interview occurred at 5716 1st Ave South in Minneapolis. This is WESTMAN's neighbors house and Agents were given consent by homeowner to conduct the interview in her home.

This interview was audio and video recorded with SA CHURNESS's BWC. Two separate recordings were completed as Mr. WESTMAN requested a break during the interview.

This is a summary of the interview. For complete details, refer to the recordings that were saved to evidence.com.

WESTMAN identified ROBIN WESTMAN as his child. ROBIN WESTMAN was born ROBERT PAUL WESTMAN and had changed his name to ROBIN in 2020.

ROBIN was still a biological male and hadn't received any medical procedures to alter his anatomy. ROBIN had taken hormones in the past but wasn't currently taking hormone medications. ROBIN identified as a female and used she/her pronouns.

ROBIN wasn't receiving any counseling services.

ROBIN was dating ABBEY BODICK until about a month ago. They had dated for about 2 years. ABBEY is female by gender.

According to JAMES, ROBIN was struggling to eat and had lost a significant amount of weight.

ROBIN was working at Rise Dispensary in Eagan. ROBIN had previously worked at REI.

ROBIN had visited JAMES the night before the shooting and was at his house from approximately 1800 to 1930 on 8/26/2025. ROBIN said that he was going to visit ANDREW after leaving. ANDREW is a manager at Rise Dispensary and recently moved from the Eagan Rise to the Brooklyn Park Rise. ROBIN was going to ANDREW's to grill food.

JAMES had bought the van that was recovered at the shooting scene about a year or two ago and had gifted it to ROBIN. JAMES hoped that ROBIN would travel the country in it.

ROBIN used to be a collector of airsoft guns but had started to lose interest in those and had been selling the collection. ROBIN had also been making and selling finger boards (mini skate boards).

JAMES did know that ROBIN had purchased a shotgun but didn't know that she had purchased a rifle and pistol. ROBIN's brother, JOE?, was a member at an Eagan gun club.

ROBIN was a student at Annunciation school but JAMES thought that he had only gone there for a year, possibly 7th grade. MARY GRACE, ROBIN's mom, also worked at Annunciation for a period of time. After JAMES and MARY GRACE divorced, ROBIN lived in several different cities, went to several different schools and briefly moved to Kentucky with his mother. MARY GRACE was a devout Catholic.

JAMES had no concerns about ROBIN's behavior leading up to the shooting. He said that ROBIN didn't have any ill will or hatred towards any groups that he knew of. JAMES said that TRACY and MARY GRACE both had concerns about ROBIN's interest in airsoft guns.

JAMES said that ROBIN didn't have any close friends that he knew of.

ROBIN had one police contact with Richfield PD? Was shooting airsoft gun out of window. Might have been when name was still Robert.

JAMES was asked about friends, family or acquaintances that might be able to tell more about ROBIN. This is a list of names and telephone numbers:

SA CAMPBELL entered the apartment building and announced his presence. SA CAMPELL spoke with Officer PATINO who had attempted to make contact with any occupant of the apartment and had not been successful. Officer PATINO informed SA CAMPBELL he was attempting to get a contact phone number for BODICK.

SA CAMPBELL exited the building to speak with SA FINNEGAN and an officer from Richfield Police Department. SA FINNEGAN asked BODICK what her thoughts were about this news. BODICK stated she could not believe WESTMAN could ever do anything like that and that she would never hurt anyone.

2025-916/12.1 Interview of LISA KJELLANDER & KURT DUERKSEN - STLP LIBRARY STAFF

Narrative begins on the following page.

On August 27, 2025, Minnesota Bureau of Criminal Apprehension (BCA) Special Agent (SA) CHARLIE BUSCH interviewed Saint Louis Park Public Library Adult Services Librarian LISA KJELLANDER and Associate Librarian KURT DUERKSEN at 3240 Library Lane, Saint Louis Park, MN 55426. The interview was recorded using SA BUSCH'S BWC.

The interview was conducted after SA BUSCH observed an exterior surveillance camera attached to the Northside of the Saint Louis Park Public Library. The exterior surveillance camera was facing the driveway and rear of a residence located at 3252 Jersey Avenue South, Saint Louis Park, MN 55426.

The BCA and several other law enforcement agencies were executing a search warrant at 3252 Jersey Avenue South, in reference to a mass shooting that took place at Annunciation Catholic School, in Minneapolis, MN.

The following is a summary of the interview:

KJELLANDER advised there are multiple surveillance cameras on the exterior structure of the library, and the cameras are functional. The video is maintained through Hennepin County Security Operations Center (SOC) with a contact number of 612-348-5111. KJELLANDER suggested SA BUSCH call that number, and she believed a written request would have to be made by the BCA. There was no place at the library to view surveillance video. When the library is not open to the public, surveillance cameras at the facility record and function normally.

KJELLANDER and DUERKSEN believed the address at 3252 Jersey Ave S is a rental property and could not describe who lived there nor did they know how many people resided at the address. KJELLANDER remembers seeing a large white Ford truck at the above house but believed it was a previous resident of the address.

The business cards for KJELLANDER and DUERKSEN are attached hereto.

2025-916/14.1 Interview of BRADLEY SHINK

Narrative begins on the following page.

On August 27, 2025, Minnesota Bureau of Criminal Apprehension (BCA) Special Agent (SA) CHARLIE BUSCH interviewed Saint Louis Park Public Library patron, BRADLEY SHINK. The interview was recorded using SA BUSCH'S BWC.

The interview was conducted after SA BUSCH was telephonically contacted by Saint Louis Park Library employee KURT DUERKSEN and advised SHINK may be able to provide information related to the residents at 3252 Jersey Avenue South, Saint Louis Park, MN 55426.

The BCA and several other law enforcement agencies were executing a search warrant at 3252 Jersey Avenue South, in reference to a mass shooting that occurred at Annunciation Catholic School, in Minneapolis, MN.

SHINK visits the library often and when there goes to the northside of the building to smoke cigarettes. From the Northside of the library, SHINK has a clear and unobstructed view of the driveway and rear of 3252 Jersey Ave S. When smoking SHINK has observed a male and two females interacting in the driveway of the above address.

SHINK believes the male and two females residing at the address drive a red compact sedan (unknown make/model). SHINK provided a description of the three individuals (refer to BCA item number 2025-916/14.1).

SHINK advised the only unusual thing he ever saw at the above address was the residents cleaning and doing yardwork.

By virtue of this report, the following evidence was acquired and uploaded into evidence.com:

Narrative begins on the following page.

On August 27, 2025, Minnesota Bureau of Criminal Apprehension (BCA) Special Agent (SA) TRENT FISCHER conducted an interview of STEPHEN CURTIS TAYLOR, DOB: 10/09/1980.

SA FISCHER responded to a mass shooting at Annunciation Church located at 501 W. 54th St. Minneapolis, MN.

SA FISCHER parked near the intersection of Diamond Lake Rd. and Pillsbury Ave. SA FISCHER was approached by TAYLOR who lives at 5403 Pillsbury Ave. S. TAYLOR told SA FISCHER he had been waiting near the church to get interviewed by Law Enforcement. Due to it being such an active scene he returned to his residence.

SA FISCHER activated his Body Worn Camera (BWC) and conducted an interview with TAYLOR (Item 2025-619/15.1).

Below is a summary of the interview with TAYLOR and not intended to be a complete record of the entire conversation.

TAYLOR said he woke up to the sound of gunshots and ran down the street. He said there were a couple of first responders already there.

TAYLOR said they attempted to go in, but "they advised us that we didn't." He then heard the last couple of shots and heard the gunman had killed himself.

TAYLOR sat across the street because he assumed someone would want to talk with him. Since they had so many other things going on he returned to his residence.

TAYLOR said he did not see the shooter. He said the shooter was inside.

SA FISCHER asked TAYLOR if he recalled how many shots he heard, TAYLOR said the gunman reloaded and believed it was 30 shots, maybe more.

TAYLOR said there were injured kids out front and blood everywhere.

SA FISCHER provided TAYLOR with his business card in case he thought of more information later.

The interview concluded.

SA FISCHER uploaded the BWC footage of the interview to Axon Evidence.

By virtue of this report, BCA evidence item 2025-916/15.1 was obtained.

Narrative begins on the following page.

On 08/27/2025, SA MORIARTY and SA GARVEY interviewed NIKKI BUNNITT and TERESA KLETTENBERG at the RISE dispensary located at 1340 Town Centre Drive, Eagan, MN. The interview was regarding former employee ROBIN WESTMAN. MORIARTY recorded the interview on his body-worn camera and uploaded the video to evidence.com as exhibit 32.1. BUNNITT and KLETTENBERG provided several documents printed from their human resources system and those documents have been uploaded to evidence.com as exhibit 32.2. MORIARTY and GARVEY showed several photos to BUNNITT and KLETTENBERG and those photos have also been uploaded to evidence.com as exhibit 32.2. With the assistance of BUNNITT and KLETTENBERG, the RISE corporate office was able to provide surveillance video of a purchase made by WESTMAN on 08/12/2025 and that video was uploaded to evidence.com as exhibit 32.3. The following is a summary of the information provided by BUNNITT and KLETTENBERG:

BUNNITT, 773-744-8112, is a District Manager for RISE. KLETTENBERG, 763-923-8314, is the General Manager for the RISE location at the address listed above.

BUNNITT and KLETTENBERG were shown a driver's license photo of ROBIN WESTMAN and they recognized WESTMAN as a former RISE employee. BUNNITT and KLETTENBERG were shown a photo of a receipt for patient # 13.384 and, after doing some research in their systems, determined that this patient number belongs to WESTMAN. BUNNITT stated that she recognized the employee discount on the receipt. Exhibit 32.3 is a video of the purchase that resulted in this receipt.

BUNNITT and KLETTENBERG were asked if they recognize the name PHIL CRAPP and they stated that they are not familiar with that name.

BUNNITT and KLETTENBERG stated that WESTMAN used the pronouns he/they and, even though the photo of the WESTMAN driver's license found in their system identified WESTMAN as a female. BUNNITT and KLETTENBERG stated that WESTMAN never said anything to them about identifying as a female and they were not otherwise aware of this.

BUNNITT and KLETTENBERG stated that WESTMAN resigned approximately a month and a half ago. KLETTENBERG provided a copy of the two-week notice (dated 07/29/2025) submitted by WESTMAN. BUNNITT and KLETTENBERG were asked about the part of the two-week notice where it referred to the "critically depleted morale levels of fellow coworkers" and they do not know what WESTMAN was talking about.

KLETTENBERG provided a resume for WESTMAN that was housed in their system. After reviewing the RISE human resources system, KLETTENBERG stated that WESTMAN started on 03/12/2025 and WESTMAN's last day was 08/16/2025. KLETTENBERG stated that, at the time of WESTMAN's hiring, she did not interview WESTMAN personally because of the large number of employees they were hiring at that same time.

KLETTENBERG provided screenshots from the RISE human resources database. One of the printouts showed that the primary email address provided by WESTMAN was bobcatw1221@gmail.com. Another one of the printouts showed that the address provided by WESTMAN was 7509 Lyndale Avenue S, apartment 7, Richfield, MN. A third printout shows that the emergency contact provided by WESTMAN was his father, JAMES WESTMAN, with an address of 5710 1st Avenue S, Minneapolis, MN and a phone number of 651-308-3249.

KLETTENBERG stated that WESTMAN was a good employee, he was quiet and did his job. KLETTENBERG stated that WESTMAN was nice enough but was not close to anyone. KLETTENBERG stated that she would describe WESTMAN as standoffish. KLETTENBERG stated that approximately 18 employees were working at the store on a slow day and approximately 30 employees were working at the store on a busy day. KLETTENBERG stated that WESTMAN did not talk about his relationships.

KLETTENBERG stated that she once walked out the back of the store, some time in late May or June, and found WESTMAN crying while he was talking on the phone. KLETTENBERG stated that she asked

WESTMAN if he was okay and asked him if he wanted to talk. WESTMAN told KLETTENBERG that he did not want to talk and just wanted to leave. KLETTENBERG stated that she let him leave.

KLETTENBERG stated that the last time she talked to WESTMAN he said something like, "big things are coming for me." KLETTENBERG stated that she thought this was a strange thing to say but WESTMAN did not elaborate.

Exhibits 32.1, 32.2 and 32.3 were obtained by virtue of this report. Transcript available upon request.

Narrative begins on the following page.

On 08/27/2025, SA MORIARTY and SA GARVEY interviewed HAYLEY SRUR at 218 779-1827. SRUR was interviewed as the former supervisor of ROBIN WESTMAN at Richfield Liquors. MORIARTY recorded the interview on his body-worn camera and uploaded the recording to evidence.com as exhibit 37.1. After a brief introduction and explanation of the purpose for the interview, SRUR provided the following information:

SRUR does not remember using pronouns when talking to or about WESTMAN and was not aware that WESTMAN might have identified as a female. SRUR stated that she knew WESTMAN as a male.

SRUR stated that WESTMAN worked for Richfield Liquors for approximately nine months. SRUR stated that WESTMAN did not give her any notice when he quit, he just stopped coming to work. SRUR estimates that WESTMAN stopped coming to work in July, 2024.

SRUR stated that WESTMAN stopped at the store some time in mid-July, 2025. During this visit, WESTMAN purchased a case of beer and apologized to SRUR for the way he stopped coming to work. SRUR stated that she had not talked to WESTMAN since he had stopped coming to work. SRUR stated that WESTMAN talked about how he was doing well, working in a dispensary in Eagan, and enjoying his new job.

SRUR stated that WESTMAN was quiet, polite, friendly and checked all the boxes for someone working in retail. SRUR stated that WESTMAN was sensitive and uncomfortable around some co-workers. SRUR stated that WESTMAN never talked to her about co-worker comments but SRUR came to know about comments that made WESTMAN uncomfortable. SRUR learned that the comments were usually about WESTMAN's attire. WESTMAN would wear layers and always wore a winter beanie even when it was very hot outside. SRUR believed that the co-workers who asked WESTMAN about his apparel choices did so out of curiosity and not in a confrontational way. SRUR knows that some of the comments came from a former employee named JIM CARBONARI. CARBONARI left Richfield Liquors shortly after WESTMAN. SRUR did not think CARBONARI's approach to WESTMAN was confrontational.

SRUR stated that WESTMAN never talked to her about being stressed or overwhelmed.

SRUR stated that WESTMAN's fear of customers probably had to do with the fact that they were supposed to confront shoplifters and WESTMAN hated that.

SRUR stated that other Richfield Liquors managers who might have worked more closely with WESTMAN include MARIA DE SANTIS, 612 759-3091, and RICHARD KILEY, 952 288-4311. SRUR stated that DE SANTIS is no longer an employee of Richfield Liquors but KILEY is still an employee. SRUR stated that WESTMAN worked mostly evenings and weekends.

On 08/28/2025, SA MORIARTY and SA GARVEY interviewed HAYLEY SRUR at the Richfield Liquor store located at 7700 Lyndale Avenue, Richfield, MN. MORIARTY recorded the interview on his body-worn camera and uploaded the recording to evidence.com as exhibit 37.2. During the interview, SRUR provided a copy of a receipt from WESTMAN's visit to the store on 07/17/2025 and a copy of WESTMAN's resignation letter. These items were uploaded to evidence.com as exhibit 37.3. SRUR also provided copies of surveillance camera videos showing his visit on that same date. These videos were uploaded to evidence.com as exhibit 37.4. During this interview, SRUR provided the following information:

From her review of the surveillance footage, SRUR was able to determine that WESTMAN's last visit to the store was on 07/17/2025. SRUR stated that WESTMAN was in the store for approximately five minutes. WESTMAN was in good spirits and apologized for leaving so abruptly. WESTMAN was alone during this visit. Following a review of the parking lot surveillance video, SRUR found it odd that WESTMAN parked near the 5-11 store but only visited Richfield Liquors before driving away.

SRUR stated that she does not have contact information for CARBONARI but knows he lived behind the Richfield Liquor store on Lyndale and 65th.

SRUR stated that WESTMAN was always doodling between customers but nobody could read what he wrote.

Exhibits 37.1, 37.2, 37.3 and 37.4 were obtained by virtue of this report. Transcript available upon request.

On 08/27/2025 at 1:16 PM, Agents GARVEY and MORIARTY made contact with a former co-worker of WESTMAN'S. MARIA DE SANTIS worked with WESTMAN at Richfield Liquors.

The following narrative is a summary of the interview. For full details of the interview refer to the BWC footage of the phone interview with MARIA.

MARIA stated she was a supervisor at Richfield Liquors but quit about two (2) months ago. MARIA said she worked most shifts with WESTMAN and described WESTMAN as pretty quiet and did not talk very much. MARIA said he was friendly enough and rarely had issues but was a sensitive person. MARIA stated WESTMAN would get uncomfortable when he had to deal with situations with the public such as shoplifters and rude customers. MARIA said WESTMAN would be “weird” about answering personal questions and avoid questions about it. MARIA told Agents when WESTMAN was working at Richfield Liquors WESTMAN had a girlfriend, but would refer to her as, “his partner.” MARIA stated she never met the girlfriend. WESTMAN brought her into the store but never introduced her to MARIA.

MARIA told Agents that an employee named JIM had made WESTMAN feel uncomfortable. JIM would make comments about WESTMAN’S clothing and over sexual comments about women that made WESTMAN feel uncomfortable. AGENTS asked for JIM’S contact information and MARIA did not have any for him because JIM stopped showing up to work but thought his last name was spelled: C-A-R-B-O-N-A-R-I but was not sure.

MARIA told Agents Richfield Liquors was having issues keeping employees and WESTMAN made a comment that he would never do that to them but then the next shift WESTMAN never showed up. When MARIA attempted to text and call WESTMAN there was no response. MARIA said she saw WESTMAN with someone else months later at another Richfield Liquor location she was working at. MARIA ignored WESTMAN and did not say anything even when he tried to talk to MARIA. MARIA could not recall who WESTMAN was with but knew it was a female.

By virtue of this report BCA Exhibit #38.1-interview with MARIA DE SANTIS-was acquired and uploaded to evidence.com. Transcript available upon request.

MORIARTY recorded the interview on his body-worn camera and uploaded the recording to evidence.com as exhibit 39.1. After an introduction and an explanation for the purpose of the interview, KILEY provided the following information:

KILEY is a supervisor at the Richfield Liquor store at 7700 Lyndale Avenue S, Richfield, MN. KILEY thinks that WESTMAN worked for the store for approximately six to seven months before quitting abruptly around the 4th of July, 2024. KILEY stated that WESTMAN quit via email to the store manager.

KILEY stated that WESTMAN worked for REI before working for Richfield Liquors.

KILEY stated that WESTMAN did not get along with two of his co-workers. KILEY stated that he was not surprised by this as the two co-workers in question are older males and WESTMAN had nothing in common with them. KILEY stated that one of the co-workers in question was 13.82 - Law Enforcement no longer works for Richfield Liquors, having left recently, but can be reached at [redacted] KILEY stated that 13.82 called the Richfield Liquors store today to report that WESTMAN had visited the store recently. KILEY stated that the other co-worker in question is JIM CARBONARI. KILEY does not have a phone number for CARBONARI. KILEY stated that he is not aware of any arguments or noteworthy interactions between WESTMAN and these co-workers.

In response to a question about stress WESTMAN might have experienced while working for the liquor store, KILEY stated that he believes customer interactions can become stressful and this might have built up over time and caused WESTMAN to resign abruptly. KILEY stated that the City of Richfield has a policy stating that every purchaser must present ID. KILEY stated that there is no sign stating this policy and some of the older, obviously of age, customers get annoyed by this policy. WESTMAN shared his frustration with the friction caused by the ID policy with KILEY.

KILEY stated that he only knew WESTMAN as a male. KILEY stated that WESTMAN often came to work wearing stubble and had a female companion he referred to as a partner. KILEY stated that WESTMAN and his female partner came to the store a few months after he abruptly quit. KILEY stated that he has not seen WESTMAN since then, maybe one year ago.

WESTMAN once asked KILEY about the policy regarding calling in sick. KILEY stated that he thought this had something to do with an experience WESTMAN had while working for REI.

2025-916/57.1 Attempted Interview of 3248 Jersey Ave S - BWC Recording

Narrative begins on the following page.

On August 27, 2025, Minnesota Bureau of Criminal Apprehension (BCA) Special Agent (SA) CHARLIE BUSCH and BRENT PETERSEN canvassed the neighborhood in the 3200 block of Jersey Ave S in Saint Louis Park in relation to a homicide investigation.

SA BUSCH attempted to interview the resident of 3248 Jersey Ave S after observing multiple surveillance cameras attached to the exterior of the residence. Prior to the interview, SA BUSCH activated his BCA issued BWC. SA BUSCH left a business card at the address and deactivated his BWC after learning no one was home.

On August 28, 2025, SA BUSCH was telephonically contacted by ERIK HARMS (612-703-4801). This interview was not audio recorded by SA BUSCH. HARMS is the resident of 3248 Jersey Ave S. HARMS has recently seen a gray small transit van (unknown plate/make/model) parked in front of 3252 Jersey Ave S. HARMS believed the gray vehicle belonged to a skinny male with long dark hair. HARMS was unsure if this unknown individual resided at 3252 Jersey Ave S but stated he has seen him there hanging out with PHIL (unknown last name/owner of residence).

PHIL and his friends smoke weed on the property, but that is the only unusual activity HARMS has observed. HARMS further advised when he returned to his residence on August 26, 2025, at 2230 hours the interior garage light was on and the service door was open. HARMS was not sure if anyone was inside the garage.

HARMS has three exterior video cameras on his address (front door, back of house, north of house). Because of privacy concerns, HARMS advised he doesn't have his exterior cameras face directly onto any neighboring property. HARMS agreed to review exterior video and contact SA BUSCH if he observes anything suspicious on the days leading up to August 27, 2025. HARMS could not provide any further information.

On August 27, 2025, Minnesota Bureau of Criminal Apprehension (BCA) Special Agent (SA) CHARLIE BUSCH and BRENT PETERSEN canvassed the neighborhood in the 3200 block of Jersey Ave S in Saint Louis Park in relation to a homicide investigation.

On August 28, 2025, at 1721 hours SA BUSCH was telephonically contacted by JENNIFER HUEBSCHER as she found SA BUSCH'S business card attached to the front door of her residence located at 3240 Jersey Ave S, Saint Louis Park, MN 55426. An unrecorded interview was conducted, and SA BUSCH learned the following:

HUEBSCHER resides at the above address with her boyfriend, MATT PETERSON. HUEBSCHER is a neighbor to PHIL (unknown last name) who resides at 3252 Jersey Ave S, Saint Louis Park, MN.

In the past, PHIL has rented rooms at his residence and for the last couple months has rented a room to an unknown individual who drove a smaller grey van (unknown make, model, license plate). HUEBSCHER advised the new renter is skinny and has long wavy hair. HUEBSCHER thought the individual was a female until she observed that person with facial hair.

HUEBSCHER last observed the unknown individual driving the grey van on Friday August 22, 2025. On August 27, 2025, HUEBSCHER left for work at approximately 0800 hours and did not observe the gray vehicle in the vicinity of 3252 Jersey Ave S, however HUEBSCHER did notice the garbage can for 3252 Jersey Ave S was very full and positioned in the driveway at the rear of the residence.

HUEBSCHER does not have any exterior surveillance cameras attached to her residence. HUEBSCHER could not provide anything further.

By virtue of this report, there was no evidence acquired.

AB: Yes as far as I'm aware.

LF: What does she drive?

AB: She has, um, she has like a huge van. Um, I think it's like a, a Ram. Um, it's silver. Um, yeah, I don't remember the license plate. I, she has, um

LF: Is it a Minnesota license plate?

AB: Yes.

LF: Okay. Do you know, does it register to her or?

AB: It's to her.

LF: Okay. Um, and is that the only vehicle she drives?

AB: Yes.

LF: Does she borrow dad’s or anything like that or any of her family or friends?

AB: As far as I know, no. Okay. Um, I think she only uses her van.

LF: Anything that sticks out about it.

AB: She has a bumper sticker that says Baker.

LF: Baker? Mm-hmm <affirmative>. Okay. So, um, you, you said you broke up about a month ago?

AB: Yeah, I would say July 23rd I think. And she, um, started staying with her dad that night.

LF: Okay. So right away. And then has she stayed there ever since that night?

AB: Yes. And she's been over two or two or three times.

LF: Do you recall when the last time she was here?

AB: I wanna say two weeks ago, I don't remember fully. And she has stopped by a few times when I'm not here to pick up a few things. Mm-hmm. Um, and I'm not sure when the last time that was.

LF: Does she still have stuff here?

AB: Yes. Most of the stuff here is hers. Okay.

LF: Um, still has a key to the apartment and all that, I'm guessing?

AB: Yes.

LF: Okay. Um, and like, well, can I ask like what the breakup was over or was it mutual? Was it,

AB: Um, it was mutual. It just, things weren't working out.

LF: Okay. How would you describe her? Like a personality wise, a violent person? Uh, what's you ever been abusive towards you?

AB: No, she's really, really nice, really easy going and relaxed most of the time. Um, really friendly. Um,

LF: Any issues with mental health or anything like that?

AB: Um, depression. Definitely.

LF: Uh, does she take medication for it?

AB: No.

LF: No. You think she should be or, you know

AB: Yeah

LF: Did she grow up here in Minnesota?

AB: Um, I know she's moved a lot. I remember her saying she lived in Kentucky for a bit as a kid, but I think most of her, like she's lived in Minnesota.

LF: Okay. And since you broke up, has um, I mean she's been trying to get back together with you or how has like this transition period been going?

AB: Um, we both agree that we shouldn't be together. Mm-hmm. She's not trying to like, get back together with me. Um, we're on pretty good terms. We're not really talking much right now, but Okay. We're not on bad terms right now.

LF: Yeah. When's the last time like, uh, you've gotten a phone call or text messages or anything like that from her?

AB: Can I check on my phone?

LF: Um, should be okay. Or what do you,

BC: Um,

LF: Are you able to, could I, would you let me hold the phone and I just don't want to get anything. Yeah. Um, and you're okay with me looking at,

AB: Yeah. So I just wanna see when she last texted me,

LF: So, so this is the messages with her?

AB: Yeah.

LF: So. Okay. Are you okay with me just looking at it?

AB: Yeah.

LF: Okay. Thank you. Or do you wanna take a look? Um, does she have any other social media, Facebook, Snapchat, any of that stuff?

AB: Um, she has a Snapchat, um, and she used to have Instagram, but she doesn't really use it anymore.

LF: Okay.

AB: Um, I think that's it.

LF: Okay. And ever she ever threatened you or anything like that?

AB: (Shakes head no)

LF: Um, ever Any made any suicidal comments or anything like that with the depression?

AB: Um, yes. And she has in the past.

LF: Um, do you know how long ago that was?

AB: I'm not sure. It's, it's kind of an on and off thing,

LF: On and off, like, um, do you think it was in the recent months? Like before breaking up or in the,

AB: I think so. She, she has been kind of depressed.

LF: Okay.

AB: Um, And I know that when she was a teenager she did attempt suicide.

LF: Did she say how, and in the most recent, like talking like of she's talked about being suicidal, has she ever mentioned how she would try if she did?

AB: No. Mm-hmm.

LF: Um, and did she have any access to weapons or anything like that?

AB: Yes. Uh, she has a gun.

LF: Just one gun? Okay. Did she take that with her when she,

AB: I think so. She didn't say that she left it and I, I don't know where she would've kept it.

LF: What kind of gun was it?

AB: Um, it was a shotgun. Uh, I don't know anything

LF: Are you familiar with guns? So like, would you know the difference between a shotgun or a rifle or handgun?

AB: I think so. I think it was a shotgun.

LF: Okay. Can you describe it at all?

AB: Um, it was about like this big mm-hmm <affirmative>. It wasn't like huge. Um, I didn't really like look at the gun pretty much. Mm-hmm. I didn't really have any interest in it, so haven't, not like super mm-hmm <affirmative>. I don't know much else about it.

LF: And did she talk any time about shooting it? Does she go and practice with it or what?

AB: Yeah, she, um, she really liked guns. That was one of her hobbies. And she would go, um, she wanted to go shooting with friends. I don't remember if she ever did, but, um,

LF: Is there a, a gun range she would go to or a specific area?

AB: I, I don't remember a specific one, but I think she did go once with a friend.

LF: Do you know the friend's name?

AB: I think it may have been her coworker.

LF: Okay. Oh, where does she work?

AB: Uh, rise dispensary in, uh, Eagan. Mm-hmm <affirmative>.

LF: Is that, uh, full-time?

AB: Uh, part-time.

LF: Ok, How long has she worked there?

AB: Uh, since April I think.

LF: Oh, so a recent job? Mm-hmm <affirmative>. Okay. And to your knowledge She's still been going to work and

AB: I knew she wanted to quit and was looking for something else, but she didn't say anything to me about changing jobs yet.

LF: Ok, um, but her work hasn't been calling here or anything saying, where are you? I'm assume they would call her cell phone. Um, but as, sorry I got sidetracked there, but back to the gun. So as far as, you know, you believe she owned one shotgun. Do you own any guns yourself?

AB: No.

LF: Any other guns? Any reason anything else would be here?

AB: There might be Airsoft guns.

LF: Okay.

AB: But I, there shouldn't be any other guns in here besides those, but the fake and I think she took some of them with her, so

LF: And those are all hers?

AB: Those are all hers.

LF: Okay. Um, how about, uh, I don't know any, I dunno with politics or religion or anything like that. Is she outspoken about any of those types of things?

AB: Um, she's definitely left and I wouldn’t she's like super radical or anything. Okay. She's not religious. Um,

BC: How did you guys meet?

LF: Uh, we met on Tinder.

BC: Okay. Um, do you know what school she went to?

AB: Uh, Southwest.

LF: Is that high school?

AB: Yes. High school.

LF: Do you know what grade school she would've gone to?

AB: No, I don't because I think she lived in Hastings when she was in elementary school

LF: Okay. Um, but she didn't go to, do you know if it was like a public or a private school?

AB: Um, high school was public school. I know she went to a military school for a little bit.

AB: And oh, she went to, uh, St. Agnes.

LF: Oh, in St. Paul? Yeah.

AB: To a Catholic school for a bit.

LF: Was that her grade school or high school years? I know you said she graduated from Southwest but, um,

AB: Grade school I think.

LF: Okay. Do you know how many years she went to Agnes?

AB: No, I don't.

LF: OK Um, any other like, frustrations with either, I know I'm sure transitioning is a difficult thing to navigate through. Um, has she expressed anything about any of that process or,

AB: Um, yeah, she has, um, just, you know, not feeling like she should be a woman, but like frustrated with her appearance. Mm-hmm <affirmative>. And, uh, a lot of frustrations with like the government and like just the president and stuff. She doesn't support Trump and a lot of that stuff that bothers her.

LF: Um, can you tell me more about that? Like, is there things specifically she's talked about when it comes to her frustrations with, with that?

AB: Um, some things with like transgender healthcare mm-hmm <affirmative>. And, uh, yeah, I mean,

LF: I mean like, um, I dunno if you have a typical conversation with somebody and you're like, yeah, I don't, I don't like that guy, but has it ever been kind of more Oh, or like, I guess more upset? Like

AB: Not really. Okay. Just like a general, you know, dislike of him. Mm-hmm <affirmative>. Not anything like, I dunno, nothing crazy. Mm-hmm.

LF: Any, any time you've ever been like afraid of, of her in any capacity? Whether it be directed at you or towards anybody? Anybody else?

AB: No, I've never like, felt like she was gonna hurt anybody else besides maybe herself.

LF: <affirmative>. Okay. And when again, I'm sorry, when was the last time you heard from her? I know you already said.

AB: Um, it was either Monday or yesterday.

LF: Okay. And what was, I know he took a look at it, but do you recall what the conversation was or the message was?

AB: Um, I was asking her if she wanted to help me move, um, on the first mm-hmm <affirmative>. Um, and she said she was going to, and we were also talking about her coming here today. Um, 'cause she was gonna, I think she was gonna come in on her way to work today.

LF: Mm-hmm <affirmative>. Okay. And

AB: And I didn't hear anything else from her that like, she wasn't going to come. So

BC: You guys didn't talk on the phone or? Or sort of Like email stuff going back and forth.

AB: We didn't call each other on the phone, but we've just been texting. Okay. And I

BC: Do you use any other, like, communication apps or just text?

AB: Um, sometimes Snapchat, but it's mostly been texting. Okay. Um, but yeah, she didn't get any indication that she wasn't gonna come today, so I didn't, uh, feel the need to like check in with her again

LF: Yeah. What time was she supposed to work at?

AB: I, I'm guessing in the evening? Um,

LF: Do you know what her typical shift was?

AB: Uh, an evening shift could be between like three to 10 and a morning shift could be between like nine to like four or five.

LF: Do you know what days she typically worked?

AB: It was different every week.

LF: Ok, But either way. So you thought she was gonna come get some stuff before work so you didn't really question Yeah. Timing. 'cause obviously it's, it's early. So, um,

BC: What do you do?

AB: Um, I work at Teacup, um, just at the, the shops at Glendale.

BC: Okay. How long have you been there?

AB: Uh, since April.

BC: Okay.

LF: Do you wonder why we're here? I know you do. Um, and so like I said, there's an incident in Minneapolis, which I know I didn't give you very many details. Um, but, and we were not there so we don't know all, all the details. Um, but there was a shooting in Minneapolis and we have reason to believe that she was involved and that's why we're asking some of these questions. Okay. Okay. Um, and again, I don't know, people are hurt dead. I don't know any of those, those details. Um, my understanding is people have been hurt, but we weren't there. I don't want to tell you things that I don't know. Um, so with that being said, is there anything with your relationship with her that would lead you to believe that she could do something like this?

AB: No. I, I would be very shocked if, if she did do that because I just, it's just not something that she would do. Okay. And she's never been like, oh, I want to kill a bunch of people. Like, it just isn't.

LF: Okay. And, and on on that as well. Like, this was a Catholic school church. Mm-hmm

AB: <affirmative>. Even still like, I don't mm-hmm. I don't think she would do that.

LF: Okay. And, and even if it's, if it's something where, you know, sometimes people will joke about maybe doing something like that and people, whatever, they're not not serious. Like, this is really the time to tell us if anything like that has ever happened because, um, like I said, you're not, you're not in trouble with us, you know, but any

BC: But we wanna Help everybody involved. Her, her family.

AB: I, no, not, no, I just, I can't think of a time when she would've said something like that. Like even as a joke. Mm-hmm <affirmative>. Like, I just don't think she would've thought that, like, that would be even like a funny thing. Okay. To joke about mm-hmm <affirmative>.

LF: Um, anything with her guns or anything like that where she's ever, I mean, just talked about would like to use this on someone or anything like, like that, that you can think of?

AB: She, she's very responsible with her guns. Mm-hmm <affirmative>. Um, for her gun. Um,

BC: Would she have more access to other guns by any chance?

AB: Um, sometimes if she went out like to the shooting range with her friends, like sometimes they would let her borrow their guns, but it was only when they were at the shooting range, it was never like, outside of that they would lend it to her. Mm-hmm <affirmative>. So,

LF: So what, what shooting range was that? Again?

AB: I know you don't know.

LF: Okay. Um, how often would she go to the range?

AB: Very rarely. She didn't go often.

LF: Okay.

BC: When she kept her gun here, where'd she keep it?

AB: Um, I believe she kept it under the bed in a bag with a lock on it. Okay. Um, I believe she usually kept it disassembled. She didn't have it for very long before we broke up, so I'm not entirely sure like how she,

BC: If you had to guess, when do you think she would've bought that?

AB: Um, maybe like a month before we broke up. Like around early July, late June. Um,

BC: Have you noticed a change at that point? Like you guys broke up for a reason and like, um, now just before that she was buying a gun, you were already kind of concerned about her?

AB: Um, I wasn't really concerned with her having a gun. She seemed happy to have it because she just has, she's always had like an interest in guns, just like really respected guns mm-hmm. All life. And, um, just like finally having like a real one was really exciting for her.

LF: Did she grow up with guns?

AB: I don't know. I don't think her dad hunted at all. Um, she just kind of had like an interest in the military for a bit as a kid and that kind of sparked her interest in guns. Mm-hmm <affirmative>. And she's just been kind of like a casual, like gun hobbyist, like she's not like really intense about it, but it's just something that she has an interest in.

LF: Okay. So I just wanna make sure I have, I'm understanding it right. It's unsure and if she grew up with guns or anything, but she's always had an interest in it. But then this shotgun she bought recently end of June, early July, right?

AB: Yes.

LF: Do you know? And I, I don't remember if I asked it. Where did she buy it from? Do you know?

AB: I dunno if she bought it.

LF: Do you like, do you know if it a store or from a person?

AB: It was from a store. Um, and I think she went with our friend Ryan. I don't know his last name. I think they went together to buy it. Okay. Um,

LF: Um, do you know, you don't know his last, do you have Ryan's number? Would it be in your phone? I don't,

AB: He's, he's Robin's friend so I'm not really in contact with him.

LF: Hi. Okay. Um, do you know about how old he is?

AB: Like mid thirties.

LF: Okay. You know, generally where he would live, what city or anything?

AB: Um mm-hmm. Mm-hmm. (NO)

LF: Have you gotten any phone calls this morning from anybody regarding Robin?

AB: Not regarding Robin. I mean, I got a text from my dad, but it wasn't about that.

LF: Not about anything going on today, Minneapolis?

AB: No.

LF: Completely unrelated. Okay. Are there any other friends of, of Robin's that she's super close with?

AB: Uh, Phil Gap.

LF: Is it G-A-P?

AB: G-A-P-P I think

LF: Okay. And who is that?

AB: Um, he is a family friend of hers. Uh, she's pretty much known him her whole life. Um, he's about 35, um, and I know she sees him often and they hang out a lot.

LF: Where does Phil live?

AB: He lives in St. Louis Park.

LF: Okay.

AB: Or, yeah. Yeah.

LF: Um, was Robin staying there at all or just at Dad's?

AB: Um, she didn't say anything about staying at Phil's, but it's possible she like went over there to hang out.

LF: Okay. Does her dad know Phil? Yes. Okay. So you would have contact information if we needed Any other friends you can think of?

AB: Um, no one else.

LF: Nobody else? Um, any enemies?

AB: No.

LF: Okay.

BC: Is Phil a, is he a like fellow gun enthusiast or?

AB: Um, I don't think he has a gun. I don't.

BC: Can you tell us just a little bit about Phil? Like what's Phil's

AB: Phil? He, in relation to gun specifically? I don't think he's really a gun enthusiast, but I think he has some information about it. Um, he's a handyman. He does like freelance handyman work. Um, yeah, I mean, is there anything specifically about him?

LF: We don't know anything about him, so whatever.

AB: He's a really nice guy. Like he's extremely friendly and outgoing, like nice to everybody. Mm-hmm <affirmative>. Like, um, I, I trust him a lot. He's,

LF: Does he live with anybody?

AB: No, he doesn't.

LF: Um, and St. Louis Park, that is a house or apartment?

AB: A house? Uh, I don't know his address off the top of my head.

LF: Um, any siblings? Not for Phil. Um, for Robin, um,

AB: Um, yes, she has a few siblings. Um, her oldest brother, Jack Westman, her sister Martha Westman. Um, and then Theresa Westman is her other sister. And Joe Westman is her brother and Robin is the youngest. Okay. And then I know, um, her dad's girlfriend's son, um, Wilson sometimes stays at her dad's house with them.

LF: Okay. Um, and does he, does, I'm sorry? Does she get along with her siblings and

AB: Yes.

LF: Okay. And all the siblings live Minnesota or are they all over the place?

AB: Uh, they live in Minnesota. Okay.

BC: Like in the city? or,

AB: Yes.

BC: Minneapolis or,

AB: Yeah, I think, uh, Joe lives in Hastings, but the rest of them do live in Minneapolis.

BC: Do you know if any of them have any sort of grievances that were

AB: No. No.

LF: Um, anything else major going on in her life that other, obviously transitioning is a major, major, um, step. Anything else that you could think of or any deaths in the family or anything like that?

AB: I mean, I would say the breakup, like she, she's been very down about it. Um But that's the only thing I could think of like recently that's been bothering her a lot.

LF: And what has she said about that? Like, I know understand being depressed, but is there anything specific about

AB: Um, just kind of sad that it's over mm-hmm <affirmative>. And that we weren't really able to work things out more mm-hmm <affirmative>. But like understanding that like, this isn't working and we can't like stay together anymore. Mm-hmm <affirmative>.

LF: That's understandable. Um, but can you

BC: Tell us more about that? Like what, what, so here's where I'm coming from Okay. And I don't want to be adversarial towards you, but, um, we have people hurt mm-hmm. Up in Minneapolis and we think Robin is connected. Okay. Okay. Um, Robin just purchased a gun a month ago or two months ago or so. Um, you're unaware of her ever having guns prior, but she has a kind of a, it made her feel good to have one and less than two months later we have a bunch of people being injured. Mm-hmm <affirmative>. Um, Robin has been going through some depression prior and when she bought a gun that you were okay with it and you didn't have any like red flags. Like, I feel like you're maybe holding back and I just want to know the truth because like I said, we want to be able to help Robin's family, Robin, all the people involved with some answers. Okay? Mm-hmm. Because it just feels like you're holding back and if we can understand what's going on with Robin, the better we can help people. Okay? Okay. Okay. So I just want you to be truthful with us. Um, would it be easier if we went out and sat in a car where we don't have people around or, I mean, would you feel more private or,

AB: I mean, I, I feel pretty comfortable.

BC: You do? Okay. I just wanna make sure.

AB: Um,

AB: Yeah, I, I understand that. Um,

BC: So what we're gonna do, we're gonna let you start from where you want to start and just please fill us in with everything that you can handle and we're gonna ask some questions Okay. Um, to fill in some holes. Okay. Alright. Alright. Thank you.

AB: So she, she did like talk to me before she was gonna get the gun. Um, and I expressed that I wasn't like fully comfortable having a gun in the house. Um, I just didn't want one. I I don't really like guns. Like I had depression too. Mm-hmm <affirmative>. And I just didn't really like, want that around. Um, and she just kind of like, sorry,

BC: You can take as many breaks as you want. Okay. Like I said, I'm not trying to be adversarial with you, I want to help you. Okay. But this sounds like a little more like what I expected you to say that you don't seem like the type of person that's a gun dotting type person.

AB: Yeah. But so I kind of like expressed like, I'm not really like, sure I want like, I'm not sure I want you to, to get one. But she like ended up getting it anyway And I, um, I don't know, like it made me upset but I just kind of let it go. And then after we broke up, like I told her like, I really didn't like that you kind of just like, I'm upset 'cause you just got this. And I said like, I like wasn't really like fully comfortable with it. And um, she said she had been planning to get a gun for a while and I don't know how long, But that was like her justification for why she still, uh, bought it. Um, despite me not wanting it, was that she already like, had it set up that she was gonna go, uh, get one. Um, and I feel like that was really a big contributor to like, why like on my part, but I didn't wanna be with her anymore mm-hmm <affirmative>. Um, and with the breakup, um, she was the one to break up with me. Um, but we mutually agreed that it wasn't gonna work 'cause we just had been really distant for the past like few months. Um, and we just like, we wouldn't really talk much when we were at home together and like, we wouldn't like go out and do anything together.

BC: Do you know what she was doing like during those times? Like what had changed her interest or her, her person? It sounds like maybe her personality shifted a little bit.

AB: She just, just specifically with me, she was a lot more closed off. Like when you would go out with other people, she would be really like social with them. But when we were at home, we just wouldn't really talk much. And like, I would try to like talk with her and she would just be really like, short with me and like, not really like, fully interested in conversation and usually would just like, play video games on her computer and just kind of ignore me all the time. Um,

BC: Did she have like a network of people that you played with online or?

AB: No, she usually played alone. Okay.

LF: What kind of games?

AB: Uh, she would play Gary's mod. Um, it's just like a, I don't know, it's kind of like a sandbox game. You can do like, pretty much anything in

BC: It. What platform is that on? Like is it like something out?

AB: Um, I think it's on Steam. Like you can buy it on Steam for, uh, computers.

AB: There's Gary's mod.

LF: Gary's mod? Yeah. Okay. Is her computer here or does she dig that with I think it's right on the, the desk there.

LF: Okay. Um, do you guys share the computer?

AB: No, we have separate computers.

LF: Okay. Um, do you know any like groups on social media or other platforms she's active on that?

AB: Not that I'm aware

LF: Of. Okay. Any, did you ever go on her computer? No. Okay. Ever see her looking up like something where you're like, what the fuck is that? Or, you know.

AB: No, nothing that would've been like out of the ordinary for her. Like I had seen her a few times looking at guns, but it's, again, it was just one of her interests. Mm-hmm <affirmative>. I think that that was weird. Okay.

LF: Um, like

BC: I'm Just saying like Call of Duty and

AB: Like that was just Yeah. She, she does have those, the X she has, um, she hasn't really played those in a while. Okay. Um, she was more into playing like skate three, um, the PlayStation and like, um, she played Grand Theft Auto, but she mostly just wanted to like drive around in the cars and like Yeah. Listen to the music. So she didn't really play a lot of like, really violent video games. Okay. Um,

LF: Um, so I don't, I'm not judging on anything here. Uh, and I just wanna kind of get in your shoes and your perspective of things like, I mean, when we told you that there's a shooting at a school church and obviously we believe her to be involved, um, like in your mind, what does that shocked. Not surprised. What's, I mean, that's what, what's going through your mind on that?

AB: It just feels like impossible.

LF: Okay. I mean it like, and now thinking back like, okay and not maybe there's tons of red flags, you had no idea at the moment to think like, shit, I should have thought about that before, but anything standing out to you?

AB: No. Like even still like it's a school. Like I just like can't even like imagine her doing something like that. It's just, it's just not something that I could like think would be something she'd be capable of. Like, I don't know, she wasn't like a cruel person. She never like wanted to hurt other people and I just, I don't know that just that would if I, I don't know, like if she did do something like that, like I just, I don't know, like it's just not her. Like she couldn't do that.

BC: When you talked about like some of her, um, frustrations and dislike with like government at this point, um, like did you know any of that to ever be like, like, like seem like it was escalating or, because I can understand how difficult the time this would be? Mm-hmm. I've worked in the city of Minneapolis for a long time and I know how passionate people are there and I know how much things mean to them. Right. And I'm just wondering if like, you noticed like an escalation where you almost felt like maybe something was getting unhealthy there or like Not really.

AB: No. Nothing. Like, I never felt like even after she did get the gun and she was like excited about it, it never felt like there was any like, I don't know, there just wasn't that like step you would think someone would take before they're going to do something like that where I, I don't know. I'm trying to think of, uh, I just with and with like the stuff with the government, like the, it was pretty consistent. Yeah. There wasn't like a jump and like suddenly she's really like,

BC: It was just who she was and, and that it's totally fine. Yeah. Like not everyone has to like the current presidents or the current mayors or any of the current people.

AB: Right. But there, there wasn't like a drastic change in like how much she disliked the government and like the president and stuff. It was just like, God, it's this sucks that this is how things are.

BC: Like a just a person talking politics. Right. Which is what people do.

AB: Right.

BC: So that wasn't like something that you felt had started to escalate or get to an extreme point. Okay. Okay. And then you talked about, um, transgender healthcare. Like was that something that could have been a trigger or kind of on the same?

AB: Um, I would say it was on the same, like just kind of another thing and all the things she doesn't like about the president, whatever, it wasn't necessarily like this thing is specifically Okay. Like what I'm focused on mm-hmm <affirmative>. It's just kind of

BC: A contribution to that. Okay. So just trying to understand maybe a little bit about why this point in time was most important for her to get the gun and how good it made her feel. Like leading up to those months prior. Did you, did you feel like a change in her? I mean when did the distancing, uh, did the distancing start a lot because the gun was bought? Or do you feel like that had started beforehand

AB: It definitely started beforehand. Um, I wanna say around April, pretty much when we both got a new jobs, um, we both just kind of started being more distant and it kind of started a little bit before that, but that I feel like was when it really started like being really noticeable that like, oh, like things are really different now and we're not really talking as much anymore.

BC: Where did you guys work before?

AB: Um, I had worked at Goodwill and then I, I quit in June or July of 2024. And then I was unemployed for a long while. Okay. Um, and she, she worked at the Richfield Liquor store for a little bit and then she was also unemployed for a while. Um, I can't remember exactly when she quit, uh, working at the liquor store.

BC: Okay. Um, um, we talked a little bit about Rise and I understand that, you know, marijuana is legal now, but were there any other drug use that Robin would've been involved in or,

AB: Um, no, not that I knew of.

LF: Oh, alcohol and

AB: Like really just Oh, alcohol. Yeah. Um, uh, yeah, she would drink sometimes. Never to the point where it was like concerning.

LF: Yeah. Using anything of concern, that's kind of our thing or anything. Heavier meth? No. Any of that crap. Just that weed and alcohol every once in a while.

AB: Yeah well. Bit of nicotine sometimes. Yeah. Nothing, nothing crazy. Mm-hmm <affirmative>.

LF: Um, trying think anything else more like, and I, I mean I just recently got divorced so I understand the distance and you're living in a place where you're like basically roommates and don't acknowledge each other, <laugh>. So I completely understand how that can feel on, on both ends. Um, and anything else that, like, I know I, we've, uh, asked again too, like any more, any violent outbursts that are out of the ordinary or just thinking now, just after obviously we told you what happened that like

AB: Right I just know like she's never been like a violent person. Mm-hmm <affirmative>. Um, I've never felt like threatened by her. I've never felt like she's been like threatening to other people. Mm-hmm <affirmative>. Or like talking about other people, like she's gonna hurt them. Mm-hmm <affirmative>. Like, it just hurting people has never been something she has been fond of. Mm-hmm <affirmative>. She, she really likes, um, knives too. She just likes to collect them. Mm-hmm <affirmative>. Um, like different kinds of knives for like different things. And like, one thing she would always complain about was that when she would talk to other people, like specifically at work about knives, 'cause some of them were also interested, um, like they would say weird things about like, oh yeah, and this is like a good fighting knife or whatever. And she'd be like, no, like she doesn't, she doesn't like get knives and guns 'cause she wants to hurt people. She gets them 'cause she genuinely has an interest in mm-hmm <affirmative>. That kind of thing. So it just like, I don't know, I just, she just doesn't, I don't know, she just never had an interest in hurting people. Mm-hmm <affirmative>. And she really disliked the idea of like, hurting people. Yeah. Especially with like, the things she would buy mm-hmm <affirmative>. Like, um, I don't know. I don't, I can't think of like any time when she has like been like violent or threatening.

LF: Yeah. Okay.

BC: How about like, uh, history of like knowledge of explosives or fireworks or anything like that?

AB: Um, as far as I know, she didn't really know anything about that.

BC: Ok, Ok

LF: Um, where does she bank at that

AB: Really? Uh, I think just US Bank. Okay. They usually go to the one that's just, um, Lyndale

LF: Um, and doctor, do you know, is there a place she goes? Has she ever seen anybody for her depression or anything that you know of?

AB: Not since before we started dating. I know right when we started dating, she was on medication mm-hmm <affirmative>. And she was seeing a therapist and then she stopped a few months after we started dating, which was in, uh, we started dating in September of 2021. Okay. And then after that she pretty much stopped taking all of her medication, um, and stopped talking to a therapist, but she felt like she was in a good enough head space mm-hmm <affirmative>. To not need that stuff. Um,

LF: So that's been quite a while. Like, was there any major change that you could see the difference of her stop taking the medication till, um, when she was on it? I guess,

AB: I'm trying to remember. It was a long time ago. Um, remember like right after <affirmative> I was depressed, but after a while it kind of steadied itself out.

LF: And that was a few years ago, so it's not like she just stopped taking it a month ago or something like that. Mm-hmm <affirmative>. Um, and then as far as, so Phil, so I guess when you guys were together mm-hmm <affirmative>. Do you felt, did you feel she would tell you everything? Like

AB: No

LF: Would you guys, so I don't wanna call it secrets, but maybe doesn't tell you everything about her life? Right.

AB: She, she Definitely kept things from me. Okay.

LF: Um, is there anything specific that maybe you found out and you're like, what?

AB: Well, she was trying to quit vaping mm-hmm <affirmative>. And she kind of would, you know, slide back and, um, know she would buy a vape every once in a while mm-hmm <affirmative>. And, um, apparently for the past like few months she had a vape and I didn't know about it. She didn't tell me about it. And um, she told me after we broke up that she was, had been buying vapes for a while. Um, and I didn't know until like the day before we broke up mm-hmm <affirmative>. Because I found her vape. So that's like one thing mm-hmm <affirmative>. That I know that she kept from me and I, I mean, I wouldn't be totally surprised if she kept other things from me too. Mm-hmm <affirmative>.

LF: Um, is there anything major, I mean, I completely understand right on that, but anything that

AB: Right, that was just like an example? Mm-hmm. Like, yes, she does keep things from me. She, the past few months has been really closed off emotionally mm-hmm <affirmative>. And just wouldn't really like, open up about things like just how she's feeling. Like I would often ask her just like, you know, how she was doing and she just wouldn't really give me like a clear response or just kind like, uh, whatever and like, I'm doing fine. And

LF: So outside of work, what would her typical, like do you know what she would do on her days off?

AB: Um, usually play video games. Um, she, she skateboards, but she hasn't really done that in a while. Mm-hmm <affirmative>. She said she went out to play Airsoft a few weeks ago. Um,

LF: Do you know where?

AB: No, I don't. Um, but I know it was at some, most likely she didn't say exactly where it was at, but I figured it was, um, at this one place where it's all outdoors, um mm-hmm <affirmative>. And she enjoys doing that. Um, um, she usually liked to stay in, you know, she wouldn't really go

LF: Kind of a homebody.

AB: Uh, yeah, pretty much just playing on our computer, smoking weed, um, hanging out. Mm-hmm <affirmative>. <affirmative>.

LF: Um, To think of what else. Um, is there anything in your mind that you think is important that we have not asked or

AB: Trying to think? I don't think so. Nothing off the top of my head right now. Um, yeah, I don't think there's anything else. Okay.

BC: Um, as far as the apartment goes, the boxes and things are mostly Robins?

AB: Those are mine.

BC: Those are yours?

AB: I'm moving.

BC: Oh, 'cause you were moving.

AB: Yeah, she's gonna live here. Okay. Uh, but she's staying with your dad, but I'm moving, uh, next week. Okay.

LF: Did you, uh, do you have a place where you're going to

AB: Um, I'm moving to a triplex in uptown. Um,

LF: Do, do you have the, just so we can track you down if we need to talk to you again?

AB: I, I forgot the address. I'm not good with address, but, um, yeah. Uh,

LF: Um, what else?

BC: Just gonna check in with those guys if you're good.

LF: Yeah, I'm good,

LF: Just trying to think if there's anything else to ask, but I don't think there is. We're gonna, what gonna happen is they're gonna do a search warrant for the apartment. Okay. Um, so I don't, like I said, I wasn't there so I don't know the details of everything, but Right. Obviously looking for weapons and things like that. Um, um, my guess will be her computer there. We may be asking for your phone.

AB: Okay.

LF: Um, just so you're aware. I do actually, I think, well, I'll talk to him about it. I'm not the lead investigator, but I'm pretty certain if that is the case, I believe I have like a burner phone. I typically work human trafficking cases. Um, so we usually give those the victims. But if that's the case and we need to get you that as a temporary, um, that may be an option. So I have to check my car, but, um, yeah. But you said you're moving to the triplex in uptown?

AB: Yes.

LF: Okay. Um, you moving in with anybody?

AB: Yes. Uh, I'm moving in with a few friends. Um, their names are Nick and Thomas. Uh, I don't know Thomas's last name. I know Nick told me their last name, but I, I can't remember.

LF: That's fine. At some point before we leave I'll give you my number so if you do get your address, if you could just let me know, um, uh, 'cause I'm sure there'll be other investigators who may have more questions. So we just kind of got called out to assist. So I wasn't at the original scene or anything like that. Um Right. We were just asked to come here obviously because her address is here.

AB: Right. And I just, I would be very shocked if it turns out that she did do that. 'cause my first thought, um, when you guys pulled up was like, she hurt herself. Um, like that's the only person I could ever like imagine her like touching. Mm-hmm

LF: <affirmative>. So when the officers initially got here, you thought it was like a notification to tell you that she hurt herself. Okay. Um, that makes sense. Yeah. And I'm sorry, I wish I had answers for you as to where she is or what happened with that, but I, I don't know. Um,

AB: I, I did remember something, um, I know she posted a story on her Snapchat today.

LF: Today?

AB: Today, this morning. I saw it when I woke up and, um, it was just like a, a selfie. Okay. Like, Wasn't With like a little filter on it

LF: Wasn't with a weapon or anything like that?

AB: Any No, it's just, it was just a picture of her face. Okay. And I don't remember if there was a caption, it just,

LF: Okay. Um, do you know what her username on Snapchat is?

AB: Um, probably Robin Westman,

LF: Probably just her name.

AB: I'll, um, yeah, I'm, I'm entirely sure

LF: That's okay. Um, do you know what cell company she uses?

AB: No, I don't.

LF: Okay, But you guys kept your bills and everything separate, I'm guessing, and accounts?

AB: Yeah. Yeah, I think she's still on her parents, so yeah, I don't really know about that. Okay.

LF: Okay, Has she ever in the past, um, like left, like suicide notes or anything like that?

AB: No. as far as I know, she has not made any attempts since that one time in high school. Mm-hmm <affirmative>. And she has, um, hurt herself before just like cuts, but it was,

LF: Is that a typical thing to cut?

AB: She, I think she did that once and then she didn't really do that Again. Yeah. Realize that that hurts. Yeah.

LF: . Uh, I'm gonna turn this off unless there's something else you can think of. I don't think so. Okay. I think that is everything. Okay. And if you do think it, just let me know 'cause I, I reason we record is just so I can remember everything. So obviously we have a lot going on, so I'm just gonna turn it off right now.

Um, did you see that video at all?

AB: No.

LF: Do you have access to her YouTube account?

AB: No, I don't.

LF: Okay. 'cause somebody took it down, so that's why I ask.

AB: Um, I mean, if you guys have her computer, you'll probably,

LF: Okay. But you said before, like she has a YouTube channel and does the Airsoft gun stuff. Right?

AB: Right. Okay. She, she used to review Airsoft guns. Mm-hmm <affirmative>. Um, she didn't really use the channel all the time. Yeah.

LF: Do you recall what her, like, I guess username or whatever would be called on that?

AB: Ex Politica

LF: Ex Politica? Okay. Um, and was always just reviewing Airsoft guns.

AB: I don't have access to her Computer. I can't access her. Okay.

LF: Just wanna make sure. Um, and no messages from people saying, Hey, did you see this? Or anything like that.

AB: I woke up and like, I was literally about to text her to ask me if she was gonna call or anything. That's like immediate showed up. I couldn't even send this message. Okay.

LF: Alright. Well that's just what they wanted me to ask you, so I just wanted to clarify that. So I'm gonna turn this off again. Okay.

Description:

08/27/25

I (Detective Joel Moore) responded to the area of Annuciation Church, 509 West 54th Street, Minneapolis after hearing there was an active shooter at this location with multiple casualties. Upon my arrival, I activated my body worn camera. I was was in plain clothes and wearing a load bearing vest with police markings. I met with Edina Sgt. Davis Boosalis at West 53rd Street and Harriet Avenue. Shortly after I arrived, Minneapolis PD command aired that additional officers were needed to assist with the perimeter around the school. Sgt. Boosalis directed me to go to the school to assist.

I took up a position at the northeast side of the school, eventually moving to a walkway between the school and church. I maintained this position until I was cleared by Edina Sgt. Dave Boosalis. I did not have any contact with any victims or witnesses. My BWC for activated during the entirety of my time on scene.

My BWC was downloaded upon my return to the Edina Police Department.

On 08/27/2025, I (Detective Kenna Dick) responded to the area of Annunciation Church, 509 54th St West in Minneapolis after hearing reports of an active shooter with multiple victims. I responded to the area and was subsequently advised to set up a secure perimeter location at the intersection of Minnehaha Blvd and Grand Ave. I was dressed in my full Edina Police Department Uniform. My body worn camera was not activated as I did not enter the crime scene. I later cleared the area after being cleared by Minneapolis Police Department.

Name: Supplemental Narrative	**Author:** EPD152 - Donahue, Nicholas	**Supervisor:**	**Date Created:** 08/29/2025 13:40

Description:

On 08/27/2025, I, Community Engagement Officer Donahue (#152), overheard radio traffic from the Minneapolis Police Department (MPD) regarding an active shooter event occurring at Annunciation Church; 509 54th Street West.

I responded to the scene with Sergeants Boosalis (#190) and Cizek (#178) in Sergeant Boosalis’ unmarked squad car.

Upon arriving at the scene, MPD Command requested we take up a perimeter position at 53rd Street West and Harriet Avenue. We subsequently responded to the aforementioned intersection and provided perimeter control/security.

At one point, I had contact with a female who resided at [redacted] who stated her daughter was a student at Annunciation Catholic School and had been present at Annunciation Church at the time of the shooting. Her daughter had sustained shrapnel type injuries to her shoulder from flying glass. The resident asked for my advice on where to take her daughter for treatment due to the amount of victims transported to local hospitals. I suggested using Fairview Southdale Hospital or Methodist Hospital.

A short time later, I observed the female leave her residence with her daughter to seek treatment at a hospital.

Several hours later, I observed the female resident return to her home with her daughter.

Next, an MPD Community Service Officer (CSO) who was on scene assisting with traffic control came to speak to me. He informed me he had spoken with the same female resident who had found something in her daughter's hair after returning home from the hospital. The CSO mentioned he did not think the item was related to the shooting while dropping what appeared to be a .22 caliber bullet jacket into my hand. I immediately recognized the metal item as being a copper bullet jacket with pieces of the lead core still attached. The bullet jacket appeared to be "opened" as if it had travelled through something before coming to rest in the hair of the resident's daughter.

I asked Sergeant Boosalis to contact MPD Command and request someone respond to [redacted] while I spoke with the resident. I explained to the resident what the process would be when MPD arrived to collect the bullet jacket.

A short time later, two MPD police officers and three Crime Scene Technicians arrived. I explained what had happened and turned over custody of the bullet jacket to them. I then cleared from the scene and returned to my perimeter post.

It should be noted my body worn camera (BWC) had been on multiple times during the time I was in Minneapolis, but it was not on for the portion involving locating the bullet jacket.

My bodyworn camera was activated when I initially responded, but was turned off at approximately 1015 hours.

STENGLEIN, DUSTIN 62136 **08/27/2025**

Supplemental Report by Detective Stenglein #136:

On 08/27/2025 at approximately 0830 hours Detective Ben Williamson and I responded to assist Minneapolis Police with a Mass Shooting at Annunciation Catholic Church in Minneapolis located at 509 W 54th St. We arrived on scene and and were directed to assist with the re-unification process that was occurring at the Annunciation School, which is on the same property. Det. Williamson and I assisted with re-unifying parents with their children and directing them to a location to be processed then evacuated from the area. After re-unification was completed I assisted Parents who had not located their children to meet with Hennepin County Deputies to collect information to determine if their children had been collected by another parent or transported to a hospital.

After clearing the re-unification I assisted in a neighborhood canvas for any witnesses or evidence that had not already been located. Once the Canvas was completed I cleared the scene and returned to the city.

BWC was active.

Bomb Squad Activation - 287

KING, BILL 287 **08/28/2025**

Bomb Squad Activation

On 08/27/25 at approximately 0900 hours, the Bloomington Police Department (BPD) Bomb Squad was requested by the Minneapolis Police Department (MPD) to assist at the scene of a mass shooting at Annunciation Church, 509 54th St W, Minneapolis. MPD advised we were to assist the MPD Bomb Squad in clearing the involved buildings, suspect vehicle, and surrounding areas looking for secondary devices and/or evidence.

Detective Saari #235, Officer Risdall #238, and Officer Burt #404 (who is not a Bomb Squad member, but was observing Bomb Squad training at the time of this incident), and myself responded to the scene. We made contact with and coordinated our response with MPD Bomb Squad Sergeant Tom Subject. We conducted the requested searches with the assistance of numerous other agencies and nothing of significance was located. We stood by at the scene while MPD determined if we would be needed at other locations associated to the suspect. At this time we were joined by the other Bomb Squad members, Sergeant Pilcher #286, Detectives Danner #307 and DeGoey #313, and Officer Merseth #334, who were clearing an unrelated Bomb Squad call in the Mankato area.

MPD determined that we were no longer needed at the scene or at any secondary locations and released us at approximately 1300 hours. They did request that we be on-call for any other MPD Bomb Squad area calls until further notice. We were cleared from covering MPD Bomb Squad calls at 1830 hours.

gray Dodge Ram van in back parking lot with MN plate FXV442
gray Toyota passenger car with defect to the glass with MN plate HB5758

located in the city or township of Minneapolis, County of Hennepin, State of Minnesota.

I apply for a search warrant on the following grounds:

- The property or things above-described was used as means of committing a crime.

- The property or things above-described is in the possession of a person with intent to use such property as a means of committing a crime, or the property or things so intended to be used are in the possession of another to whom they have been delivered for the purpose of concealing them or preventing their being discovered.
- The property or things above-described constitutes evidence which tends to show a crime has been committed, or tends to show that a particular person has committed a crime.

The facts establishing the grounds for issuance of a search warrant are as follows:

Your affiant, Special Agent RACHEL NELSON, is a licensed peace officer in the State of Minnesota with 25 years of experience. Your affiant is employed by the State of Minnesota at the Bureau of Criminal Apprehension (BCA), assigned to the homicide and missing persons section. Your affiant's duties include but are not limited to the investigation of homicide and death investigations, kidnapping, missing persons, sexual assault, and conflict investigations. Your affiant has been employed by the BCA since October 2018 and has conducted multiple investigations and search warrants related to felony level cases including internet crimes and death investigations. Prior to her employment at the BCA, your affiant served as a peace officer at the Chaska Police Department where she worked as a patrol officer for 5 years and as a detective and supervisor in the investigations unit for 13 years conducting general investigations, including death and other complex felony investigations. Your affiant is investigating a report of a shooting at the Annunciation Catholic Church at 501 W 54th St in Minneapolis that occurred on Aug. 27, 2025. The Minnesota BCA and your affiant were requested to assist in the investigation by Minneapolis Police Department. Your affiant has been briefed by law enforcement at the scene of the shooting, and believes the following to be true and accurate:

Current Investigation

Note: Because this affidavit is being submitted for the limited purpose of securing a search warrant, your affiant has not included each and every fact known to her concerning this investigation. Your affiant has set forth only those facts that are necessary to establish probable cause to believe that evidence is located at the listed location(s).

At 8:28 a.m. on Aug. 27, 2025, Minneapolis Police Department responded to the Annunciation Catholic Church for a report of a man shooting into the church from outside of the building. He was described as a male wearing a mask with body armor. Officers responded and located the described suspect down behind the church. Multiple people were found injured and deceased. BCA Assistant Special Agent in Charge COLLEEN MYHRE responded and met with Minneapolis PD investigators. She walked through the scene and observed the following and briefed your affiant:

ASAIC MYHRE observed multiple shell casings, guns (handguns and long guns), and magazines with ammunition on the exterior east side of the church. She observed multiple defects in the windows of the church. Inside the church, ASAIC MYHRE observed two people deceased people in the church pews. There was visible apparent blood and other biological evidence in multiple areas of the church.

Near the rear of the church, an individual believed to be the suspect was observed deceased with an apparent gunshot wound to the head. The individual was dressed in black and had magazine pouches on a belt around him. A shotgun and rifle were in close proximity to the body. Near a door to the church ASAIC MYHRE observed a 2x4 piece of wood with what appeared to be smoke canisters attached to it.

A grey Dodge Ram utility van with MN license plate FXV442 was parked in the back parking lot of the church. Your affiant reviewed Minnesota Motor Vehicle records and found the vehicle registered to JAMES ALLEN WESTMEN of 5710 1ST AVE S in Minneapolis. The suspect is believed to be ROBIN M WESTMAN dob/6-17-2002 by visual comparison with Minnesota Driver's License record photos. A cell phone was visible inside the vehicle including documents belonging to JAMES and ROBIN WESTMAN.

Another Toyota passenger car in the lot with MN license plate HB5758 was observed with defects in the glass.

Your affiant is on scene and observed that the church's address is 501 W 54th St in Minneapolis, marked with the numbers 501 on the front of the building. The scene was secured by Minneapolis Police Department. Your affiant observed cameras on the outside of the building. Minneapolis Police Department has obtained video showing at least a portion of the shooting.

ASAIC MYHRE advised your affiant that social media posts associated with the suspect had been posted after the shooting. Additionally, writings was observed on items of evidence at the scene.

UAS FOR CRIME SCENE

Your Affiant has experience and training in processing crime scenes in the course of law enforcement investigations. Your affiant is aware that the use of an Unmanned Aircraft System (UAS) can be of great assistance in documenting crime scenes by gathering aerial video and/or photographs of the premises and its immediate area. This visual perspective is often useful for a number of purposes, including more thorough and immersive scene documentation; assessing areas to be searched (or excluded from search); identifying, visualizing, and reconstructing movement patterns and evidence locations; identifying the boundaries of larger properties and the locations of outbuildings, vehicles, and other locations to be searched.

Use of a UAS in support of the execution of this warrant will be minimally intrusive to those nearby. The UAS is small, relatively quiet, and will be operated by an agent who has the appropriate training and FAA certifications. Cameras aboard the UAS will be trained on the target destination and only those immediate surroundings necessary to establish the aforementioned objectives. Additionally, any footage obtained by the UAS will be subject to the protections of Minn. Stat. § 626.19, subd. 6 and all other applicable statutes. Use of the UAS will not exceed the scope of this investigation or the period of time necessary to conduct the execution of the warrant.

Electronic devices

Through your affiant's training and experience, both as an investigator and a citizen it is apparent that computers and cell phones play an integral role in the daily lives of most Americans. Computers and cell phones have become the primary means of communication for most individuals. Your affiant is aware that people use cell phones to communicate with others, map locations, access the Internet, create and store images, video and audio files, and record data activity and location data.

The data contained within electronic devices often helps investigators to determine timelines, locations of interest, and identify others who may assist in the investigation or uncover evidence. The location data and communications including messaging can confirm or refute information provided by witnesses, victims, and suspects. Emails, messages, search terms, notes and documents, Internet history, device event logs, and other evidence stored on cell phones or computers may contain communications between various parties and other information that would shed light on possible motives to commit a crime, information concerning possible time and cause of death, identification of additional witnesses and suspects, and actions of the victim and others before and after the death.

Your affiant knows from training and experience that searches and seizures of evidence from computers and other electronic devices and media require processing by a qualified digital evidence expert in a secure and controlled environment. The operating system or users may store data including data in random order with deceptive or non-descriptive file names, which requires searching authorities to examine all the stored data to determine whether it is included in the warrant. The review of the data may take weeks or months, depending on the nature of the investigation, the computer knowledge of the suspect, and the type of operating system and programs that are present on the system. Outside specialists may be needed to assist in evaluating the evidence. Your affiant intends to request warrants for data for specific devices after they are seized.

Crime Scene Team

Your affiant has requested the BCA Crime Scene Team to respond to the listed address to document where the shooting occurred. BCA Crime Scene Team may detect and collect forensic evidence that may not be visible to the human eye, or obviously apparent to responding officers. Forensic evidence may include, but is not limited to, blood, biological fluids, biological evidence, skin cells, hairs, fibers, latent fingerprints, shoe wear impressions, tire impressions, tool mark impressions, and trace evidence and the items containing such evidence. Collection and examination of forensic evidence can be used to identify suspects, witnesses and others with information regarding a crime. Such evidence may also confirm or refute information provided by witnesses, victims, and suspects.

Your affiant requests permission to remove these items from the location to process the items at the Minnesota Bureau of Criminal Apprehension. This is necessary to conduct a complete examination of the items in a controlled environment.

This is an active investigation involving multiple agencies including Minneapolis Police, FBI, BCA, and other agencies.

is or are at the premises described as:

3252 Jersey Ave S to include any/all outbuilding/structures on premise, and any/all vehicles on the premise at the time of the warrant service

located in the city or township of St Louis Park, County of Hennepin, State of Minnesota.

I apply for a search warrant on the following grounds:

- The property or things above-described was used as means of committing a crime.
- The possession of the property or things above-described constitutes a crime.
- The property or things above-described is in the possession of a person with intent to use such property as a means of committing a crime, or the property or things so intended to be used are in the possession of another to whom they have been delivered for the purpose of concealing them or preventing their being discovered.
- The property or things above-described constitutes evidence which tends to show a crime has been committed, or tends to show that a particular person has committed a crime.

The facts establishing the grounds for issuance of a search warrant are as follows:

Your affiant has been a licensed peace officer since 2010. During this time your affiant has work as a patrol officer and a detective. During the course of employment your affiant has attended multiple trainings specific to death investigations, crimes of violence, and organized/ unorganized criminal organizations/gangs. Furthermore, your affiant is currently employed as a detective with Anoka County Sheriff's Office in the major crimes division. This division specializes in violent crimes against persons. Your affiant also is a taskforce officer with the Minnesota Bureau of Criminal Apprehension's Violent Crimes Reduction Unit (VCRU). Your affiant is investigating a mass casualty shooting that occurred in the city of Minneapolis, county of Hennepin and believes them to be true:

On 08/27/2025 Officers were called to a scene in Minneapolis for an armed individual who was actively shooting at citizens in a church facility. Upon arrival one party was found with a self-inflicted gun shot wound who appears to be the person of interest (POI) in this incident. At the time of the is statement there were 20 individuals who have been shot at this scene. The POI was armed with firearms,

A social media post located on an account believed to be the POI, and was upload in the AM on 08/27/2025. In this video the POI is showcasing firearms and also a note titled “To my family and friends”. The note continues to write superficially to family apologizing and tell the family it is not their fault for how the POI turned out.

Law enforcement as identified a POI in this matter and has located several addresses the POI is known to be affiliated with. One of these address is 3552 Jersey Ave S in the city of St. Louis Park, county of Hennepin. Law enforcement has spoken with individuals at this address and confirmed that the POI stayed at this location on the night of 08/26/2025, the night before the incident occurred. Law enforcement at this residence has also observed in plain view several firearms and ammunition. Law enforcement also observed an envelop with a handwritten name of the POI on it.

These items will aid the investigation by helping establish the identity, motive, and intent of the suspect, as well as confirming their means and opportunity to carry out the shooting. Firearms, ammunition, tactical equipment, and explosive materials directly link the suspect to the incident and can be compared to evidence recovered at the scene. Electronic devices, writings, and communications may reveal planning, coordination, or ideological motivations, while financial and purchase records can demonstrate acquisition of weapons or materials. Clothing, surveillance systems, and recorded media can corroborate witness statements and timelines. Collectively, these items provide critical evidence to reconstruct the events, determine whether others were involved, and support prosecution.

It is for the aforementioned reasons your affiant requests the courts authority to enter, search, and sieze the listed items.

is or are at the premises described as:

7509 Lyndale Ave S Unit 7 and any assigned storage unit, or vehicles in assigned unit parking areas

located in the city or township of Richfield, County of Hennepin, State of Minnesota.

I apply for a search warrant on the following grounds:

- The property or things above-described was used as means of committing a crime.
- The possession of the property or things above-described constitutes a crime.
- The property or things above-described is in the possession of a person with intent to use such property as a means of committing a crime, or the property or things so intended to be used are in the possession of another to whom they have been delivered for the purpose of concealing them or preventing their being discovered.
- The property or things above-described constitutes evidence which tends to show a crime has been committed, or tends to show that a particular person has committed a crime.

The facts establishing the grounds for issuance of a search warrant are as follows:

Your affiant has been a licensed peace officer since 2010. During this time your affiant has work as a patrol officer and a detective. During the course of employment your affiant has attended multiple trainings specific to death investigations, crimes of violence, and organized/ unorganized criminal organizations/gangs. Furthermore, your affiant is currently employed as a detective with Anoka County Sheriff's Office in the major crimes division. This division specializes in violent crimes against persons. Your affiant also is a taskforce officer with the Minnesota Bureau of Criminal Apprehension's Violent Crimes Reduction Unit (VCRU). Your affaint is investigating a mass casualty shooting that occured in the city of Minnepolis, county of Hennepin and believes them to be true:

On 8/27/2025 at around 0830 hours Minneapolis Police were dispatched to an active shooter at Annunciation Church located at 509 54 St W in the City of Minneapolis, County of

Hennepin, State of Minnesota.

Upon arrival, Minneapolis Police searched/cleared Annunciation Church and located multiple injured and deceased persons. The scene/investigation is active currently and information is still developing.

Minneapolis Police officers located a person behind Annunciation Church deceased, with an apparent self-inflicted gunshot wound to their head, and wearing black "tactical" gear/equipment. At least two firearms/long-guns were located in immediate proximity of this person. Preliminary information developed by police and investigators suggests this person is WESTMAN, ROBIN M (Date of Birth: 6/17/2002). ROBIN WESTMAN's Minnesota Driver's license is listed as 7509 Lyndale Ave S #7 in the City of Richfield, County of Hennepin, State of Minnesota.

A social media post located on an account believed to be the POI, and was upload in the AM on 08/27/2025. In this video the POI is showcasing firearms and also a note titled "To my family and friends". The note continues to write superficially to family apologizing and tell the family it is not their fault for how the POI turned out.

Law enforcement as identified a POI in this matter and has located several addresses the POI is known to be affiliated with. One of these address is 7509 Lyndale Ave S #7 in the city of Richfield. Law enforcement made contact with a known resident of this address and confirmed that the POI has this address as a primary residence. Law enforcement is currently interviewing this known resident and has taken note of firearms and replica firearms in plain view.

These items will aid the investigation by helping establish the identity, motive, and intent of the suspect, as well as confirming their means and opportunity to carry out the shooting. Firearms, ammunition, tactical equipment, and explosive materials directly link the suspect to the incident and can be compared to evidence recovered at the scene. Electronic devices, writings, and communications may reveal planning, coordination, or ideological motivations, while financial and purchase records can demonstrate acquisition of weapons or materials. Clothing, surveillance systems, and recorded media can corroborate witness statements and timelines. Collectively, these items provide critical evidence to reconstruct the events, determine whether others were involved, and support prosecution.

It is for the aforementioned reasons your affaint requests the authorty to search and seize the listed item from the address of 7509 Lyndale Ave S #7, asisigned storage lockers, and any vehicles in the unit assigned parking.

I request a search warrant be issued, commanding Jeremiah R Carlson, Any Bureau of Criminal Apprehension Agent(s), Any Federal Bureau of Investigations Agent(s), and/or, peace officers of the State of Minnesota, and any other authorized person, to enter and search between the hours of 7 a.m. and 8 p.m. to search the above described premises for the described property and thing(s), and to seize and keep said property and thing(s) in custody until dealt with according to law, including authorization to have the seized property and thing(s) to be analyzed by a forensic laboratory.

I declare under penalty of perjury that everything stated in this document is true and correct.

Date of entry 08/27/2025

On 08/27/2025, Special Agents Stephen Brownlee and Adam Christensen met with Dominique Junes (Junes), telephone number 763-452-8565, residential address 739 Washington St, Anoka, MN, DOB 02/09/1988, at Annunciation Catholic School, 525 West 54th St. Minneapolis, MN. After being advised of the identity of the interviewing Agents and the nature of the interview, Junes provided the following information:

Junes was a middle school teacher at Annunciation Catholic School. Junes arrived at the school at approximately 7:15 am. Junes stated that children are allowed in the school at 7:45am and school starts at 8:00am. Junes took her classroom to the church for mass at approximately 8:10am (mass started at 8:15am). Junes estimated that there were about 300 people attending mass that morning. Junes believed that approximately 10 minutes after mass started, she heard something that she thought were fireworks come from outside the church but was not certain. After a short pause she heard more loud noises and at that point, Junes realized they were gunshots. Junes explained that she believed the shots were coming from the left side of the church (as you face the alter at the front of the church).

After realizing that the shots were coming into the church through the windows, Junes took cover under the pews. Junes said she was under the pews taking cover with the students for approximately 10-15 minutes. Junes then saw a police officer come inside the church at which point she started to come out from under the pews. However, after hearing more shots, she got back down to the floor. A short while later, Junes exited the church and waited at the church entrance for what felt like a long period of time. Junes and approximately 100 others then walked inside the school and into the gym.

Junes estimated that she heard at least 30 shots during the shooting. Junes was primarily focused on assisting a wheelchair bound student during the shooting. Junes never saw the shooter. Junes did see a small child laying on the floor that she believed had been shot.

Junes is available for recontact. Interview notes will be kept and

DISTRICT COURT
4TH JUDICIAL DISTRICT

APPLICATION FOR SEARCH WARRANT

I, Andrew Schroeder, a licensed peace officer in the State of Minnesota, make an application to this Court for a warrant to search the device(s) described below, for the property and thing(s) described below.

I know the content of this application and affirm that the statements contained in this application are true based on my own knowledge, or are believed to be true.

I believe that the following described property and thing(s), namely:

All data files conatined on SD Card; including but not limited to photos/maps/timestamps/videos

is or are stored within the device(s) described as:

Two SD Cards (memory cards) in Minneapolis Property inventoried under MP335549-01 and MP335549-02

located in the city or township of Minneapolis, County of Hennepin, State of Minnesota.

I apply for a search warrant on the following grounds:

- The property or things above-described constitutes evidence which tends to show a crime has been committed, or tends to show that a particular person has committed a crime.

The facts establishing the grounds for issuance of a search warrant are as follows:

Your affiant is a Minneapolis Police Sergeant assigned as a Homicide investigator.

On 08/27/25 a suspect arrived at the Annunciation Church, located in south Minneapolis, driving a 2015 grey Promaster van, with Minnesota License Plate FXV-442. The suspect parked the van in the parking lot, soon exiting and shooting into the church, ultimately killing two children and injuring dozens of others. Overall, 29 people were injured by gunfire, which includes the two deceased. One other juvenile suffered injuries unrelated to gunfire, totaling 30 victims.

The attack is captured on the church surveillance video camera system.

The shooter died from a self-inflicted gunshot wound.

The shooter's vehicle was towed to the Impound Lot.

Your affiant is aware that the shooter posted a YOUTUBE video which showed four firearms the night before the attack at the church. A rifle, shotgun, semi-automatic handgun, and revolver were all shown.

Your affiant executed a search warrant on the suspect's vehicle and found a "dash camera" on the windshield. The Dash camera had a SD Card inserted in it and was inventoried under MP335549-02. Located near the center console, another SD Card was located, and was inventoried under #MP335549-01.

Your affiant is respectfully requesting the Courts permission to forensically examine both SD cards found in the vehicle.

Your affiant believes it is possible that the SD cards contain information (photos/videos) that may be relevant to this investigation.

(End of Page)

I request a search warrant be issued, commanding Andrew Schroeder, a peace officer of the State of Minnesota, and any other authorized person, to enter and search between the hours of 7 a.m. and 8 p.m. to search the above described device(s) for the described property and thing(s), and to seize and keep said property and thing(s) in custody until dealt with according to law, including authorization to have the seized property and thing(s) to be analyzed by a forensic laboratory.

I declare under penalty of perjury that everything stated in this document is true and correct.

APPLICATION FOR SEARCH WARRANT

I, Andrew Schroeder, a licensed peace officer in the State of Minnesota, make an application to this Court for a warrant to search the motor vehicle(s) described below, for the property and thing(s) described below.

I know the content of this application and affirm that the statements contained in this application are true based on my own knowledge, or are believed to be true.

I believe that the following described property and thing(s), namely:

Cameras/recording equiptment

Firearms

Writings/documents

Any other item deemed evidence in the mass shooting at Annunciation Church

is or are in the motor vehicle(s) described as:

A 2015 grey Promaster Van, with Minnesota License Plate FXV-442, currently located at the Minneapolis Police Impound lot

located in the city or township of Minneapolis, County of Hennepin, State of Minnesota.

I apply for a search warrant on the following grounds:

- The property or things above-described was used as means of committing a crime.
- The possession of the property or things above-described constitutes a crime.
- The property or things above-described is in the possession of a person with intent to use such property as a means of committing a crime, or the property or things so intended to be used are in the possession of another to whom they have been delivered for the purpose of concealing them or preventing their being discovered.
- The property or things above-described constitutes evidence which tends to show a crime has been committed, or tends to show that a particular person has committed a crime.

The facts establishing the grounds for issuance of a search warrant are as follows:

The shooter died from a self-inflicted gunshot wound.

The shooter's vehicle was towed to the Impound Lot.

Your affiant is aware that the shooter posted a YOUTUBE video which showed four firearms the night before the attack at the church. A rifle, shotgun, semi-automatic handgun, and revolver were all shown. The revolver has not been recovered.

Your affiant is seeking the Courts permission to enter and search the vehicle which is currently at the Impound Lot. Your affiant noted that the vehicle has a "dash camera" attached to the windshield which your affiant respectfully requests to collect, and any other items that may be related to the church shooting.

Your affiant knows that the vehicle has searched on scene of the church on the day of the attack. Your affiant also knows that as the investigation has progressed, more has been learned about the sequence of events leading up the shooting, as the shooter detailed in writing. However, there is a one week gap of a missing journal that may be in the vehicle, so your affiant respectfully requests to recover any writings/documents related to the shooting.

I request a search warrant be issued, commanding Andrew Schroeder, a peace officer of the State of Minnesota, and any other authorized person, to enter and search between the hours of 7 a.m. and 8 p.m. to search the above described motor vehicle(s) for the described property and thing(s), and to seize and keep said property and thing(s) in custody until dealt with according to law, including authorization to have the seized property and thing(s) to be analyzed by a forensic laboratory.

After being advised of the identity of the interviewing Agents and the nature of the interview, Alexander and Karen provided the following information:

Alexander was upstairs when he heard gunfire at approximately 8:25 am. He was wearing a grey sweat short and tan cargo shorts when he responded on foot to the church, heading southbound from his home on Harriet Ave. Alexander was armed and hand a hand gun in his waist. As he approached the church from the east side of the building, he saw rifle magazines on the ground. On one of the magazines, "for the children" was hand written in white ink. Two of the magazines laying on the ground were 10 to 12 feet apart. Multiple civilians appeared to be responding to the church to assist at the same time.

The east side doors of the church appeared to be jammed from the outside with a piece of wood. On the wood there appeared to be a battery wrapped in tape. Shortly after observing this, Minneapolis PD arrived on scene and advised him to depart the scene.

As Alexander was responding, Karen called 911 to alert law enforcement of Alexander's description and to advise they both heard gunshots while she sheltered in their basement with their dogs.

She arrived at approximately 8 a.m. Mass started at approximately 8:15 a.m. At approximately 8:22 a.m. to 8:23 a.m., during the reading of the Gospels, she heard gun shots and dropped down to the ground. She was seated on the middle right-hand set of pews, when looking at the altar, behind the students. [Agent Note: Fischer-Cozine drew on a Post-it note the approximate location of where she was seated.] The gun shots were very loud and terrifying and felt like they came from the left side or behind her. Approximately five minutes after the shooting stopped, Fischer-Cozine exited the building after teachers started escorting students out of the church. Fischer-Cozine did not observe any victims or the suspect; she heard others talking about injuries sustained by other victims but did not hear anything about the shooter.

After being advised of the identity of the interviewing Agents and the nature of the interview, Crowley provided the following information:

On August 27, 2025, Crowley, a teacher at Annunciation Catholic School, was attending the 8:15 AM mass and was seated in the pews with the children from her class. It was the first Wednesday mass during the first week of school. For the last three years, it was commonly known in the community that the children attended the Wednesday mass, which was why many elderly attended. Facing towards the altar, Crowley and her students were sitting in the front, to the far right side. She heard three bangs but could not see where they were coming from. Then she felt something on her back as the stained glass windows were being shot out, which made here think the sound was gunfire.

Crowley gathered the children and took them down to the adjoining preschool rooms. She started blocking the doors and turning off the lights. Julie Steege and Kristin Stang, who were middle school teachers, were also in the rooms with their children. There were around 30 kids from mixed grades in the room Crowley was in. Crowley did not know exactly how many children were in the rooms. The school had an average of 20 students per grade.

They continued to hear gunfire and did not come out until the police arrived. Crowley only heard gunfire and did not hear any voices during the shooting.

STEVEN SPOERING, date of birth (DOB) 4/11/1963, telephone number 612-666-4448, address 3717 Bloomington Avenue South, Minneapolis, MN 55407, was interviewed at Annunciation Catholic School, 525 W. 54th Street, Minneapolis, MN 55419. After being advised of the identity of the interviewing Agents SPOERING provided the following information:

SPOERING volunteered for the church and was a lead usher. SPOERING was employed as a meat cutter at Lakeland Natural Foods in Lyndale. SPOERING had been in the parish for ten years and had no children of his own. SPOERING had some capacity and experience with individuals with addiction and therefore had an official role of monitoring the doors to the church along with some teachers. He would monitor who was coming in to screen for suspicious persons. The doors to the church would be locked at the start of the service he would watch and only let additional people in if they looked ok. SPOERING was a greeter and would provide customer service and provide direction to parishioners coming to attend a service.

Church services were held everyday but Monday. Wednesday's were for school mass and it was the first school mass of the year and the first service for the priest giving the service. SPOERING had heard that the Kindergartners were not at the service. The preschoolers were on the premises but were in the basement. The students were a wide range of ages from small through teenagers. Parents are welcome to attend the services as well. Other services during the week typically only had a few elderly people present and SPOERING stated he thought the shooter must have known this.

The service started at 8:15am and the shooting started about a third of the way into the service during the readings. They closed and locked the doors at the beginning of the service and the side doors have a clip lock. The adoration chapel had a code for 24 hour access but it's gate would be open at this time of day. The service was not as organized as it usually was as it was the first day.

SPOERING was in the atrium or entryway of the church. The main entrance and front door were on 54th Street. He had not seen anyone suspicious that

morning nor did he see anyone at the entrances. He looked into the church when he heard a loud banging, described the sounds as deafening and could smell and see smoke in the church.

The priest and deacon did not seem to be getting shot at, they seemed to be trying to direct others. The shooting sounded like it was coming from the Mary side of the church which was the right side and toward the front of the church. SPOERING noted during the school mass all of the older people sat toward the back of the church and the students would sit up front.

It sounded like the shots were coming from upstairs in the choir area on the Mary side but SPOERING thought that could have been because of the echo. The shots started louder and then got quieter. There were a "real lot" of shots fired and that the weapon sounded like it was automatic. SPOERING estimated the shooting went on for 3 or 4 minutes and he was duct down for a while with a teacher in the atrium. People were having trouble getting a hold of 911 but the teacher he was with got through on a type of Motorola push device while lying on the ground.

A girl SPOERING spoke with said she saw an explosion but SPOERING thought she was likely seeing the gun fire. Another person he spoke with thought it was fireworks, but SPOERING said he knew it was gun fire because he had experience with the sound of gunfire in his neighborhood.

SPOERING was not privy to any information regarding surveillance footage at the facility.

After being advised of the identity of the interviewing Officer and Agent and the nature of the interview, Dennis Jerome Zehren provided the following information:

Zehren provided a home address of 509 West 54th Street in Minneapolis and cell phone number 763-607-4897.

Zehren was the priest at the church presiding over the Wednesday Mass. Zehren stated this was the first Wednesday Mass of the new school year. There were approximately 315 people in the sanctuary for the Mass.

At approximately 0815 Zehren went to the front of the church. At approximately 0825 during the reading of Psalms the shots started.

Zehren stated the shooter was outside shooting through the windows of the church. Zehren could not initially see the shooter because the windows of the church were stained glass. Zehren stated the shooter appeared to be shooting as he was moving around the building. The shooter was shooting at the lower level windows.

Zehren moved inside the building towards door where he believed the shots were coming from. At the door there were other adults / parents holding the door closed so the shooter couldn't get in. While there he was able to see outside the church through a broken window and saw someone in all black with a vest on. He also saw he had a long gun.

Zehren believed the shooting lasted for over a minute and thought he heard dozens of shots.

Zehren then saw a body outside and told the principle to start taking the children out of the church.

JUDITH ANN FLEMING, date of birth (DOB) June 18, 1945, residence address 4808 Bryant Ave S. Minneapolis, Minnesota 55419, cellular telephone number (612)710-0813, was interviewed at Annunciation Catholic School, 525 W. 54th Street Minneapolis, Minnesota 55419. After being advised of the identity of the interviewing Agent and the nature of the interview, FLEMING voluntarily provided the following information:

FLEMING is retired and came to the church to attend the 8:15 a.m. mass. FLEMING said that all of the school children attend the Wednesday masses and today was the first one of the school year. FLEMING arrived around 8:10 a.m. at the main chapel. All of the school children PK-8th grade were in attendance. She was in attendance with her daughter, Gayann Fleming, who is a special aide at another school.

FLEMING was sitting in on the far right, in the back of the chapel. The front three (3) sections were reserved for the school children, who all sit up-front. Mass had begun and the opening song and prayer had just finished when a "firecracker sound" went off.

FLEMING immediately dove under the pew. She kicked off her shoes and pulled up the kneeler to protect herself. She heard a lot of screaming and a male voice. She could not determine who was speaking. She tried to get her phone out to call the police, but was having difficulty doing so. She was able to call her husband who she told to call the police.

FLEMING said that friends of hers got shot because they could not hide; 13.82 - Law Enforcement were both hurt.

FLEMING thought the police were there after she saw a male wearing a police vest.

The firecracker sounds were too many to count, and they were rapid. She could tell the sounds were coming from the far left section of the chapel, near the far left door, near the altar. FLEMING said that normally all the doors were locked but not today because it was an all-student mass. The shots (sounds) were coming from where all the children were located. The

adults were in the back of the church.

FLEMING heard the sounds for what seemed to be 3-5 minutes. Children were screaming and crying and she could hear many prayers, to include Hail Marys, being said by the kids. When the shots stopped, she was afraid to move. She saw another parishioner, Mike Brecourt, standing up in a pew behind her. She then saw police motioning people to exit the church. FLEMING exited the main door onto Lyndale (Ave S.).

Outside the church, FLEMING spoke with children and helped out. She began using a first-aid kit to bandage a child's head who was bleeding and had a bloody shirt. The child was very scared but was talking. She held the child until the ambulances arrived and took care of the child. FLEMING was told to move away from the church and to go to the gym.

FLEMING did not see "the shooter". She did not see any of the injured/killed from the shots. FLEMING did not hear anyone talking about who could have done the shooting and she did not have any idea who it was. FLEMING had nothing additional to add to the interview and did not have any questions.

FLEMING was provided with the interviewing Agent's contact information should she remember anything additional.

Approximately ten to fifteen years ago, WESTMAN and his wife at the time Mary Westman (MARY) asked TIMOTHY to store some weapons for him. WESTMAN had a relative who passed away, and WESTMAN inherited three weapons: a shotgun, a lever action rifle, and a 22 rifle. The weapons were stored in cases, unloaded, and there was no ammunition with them. WESTMAN did not have a safe at his house, so asked TIMOTHY to store them in his safe. TIMOTHY still has the weapons stored in his safe, and has not thought about them until hearing about the shooting.

TIMOTHY and SAMANTHA wanted to let law enforcement know they have these weapons and were willing to provide the weapons to law enforcement.

After being advised of the identity of the interviewing Agents and the nature of the interview, PELLEGRENE voluntarily provided the following information:

PELLEGRENE has been a teacher at Annunciation Catholic School for 7 years. Currently, she teaches 5th grade students. On the morning of August 27, 2025, PELLEGRENE arrived at the school at approximately 0535 hrs to work out with other women in the gymnasium. When PELLEGRENE arrived, the lights were off inside the school, which was typical given the early hour. After the workout, PELLEGRENE walked to her classroom, an all of the doors were locked per usual. After changing her clothes, PELLEGRENE walked to a nearby Starbucks with a colleague. PELLEGRENE did not notice anything unusual or anyone out of place. PELLEGRENE advised she is very aware of her surroundings because she arrives at the school in the dark and pays attention to what is happening around her at all times.

Safety patrol arrived at approximately 0730 hrs and the first bell rang at 0745 hrs. PELLEGRENE stood outside her classroom door to greet students, and shortly thereafter provided a morning work assignment. At 0800 hrs, morning announcements were made. PELLEGRENE advised Wednesday morning was considered a "mass morning", and her entire class walked downstairs to pick up their 3rd grade mass buddies. Her group of students then walked down the sidewalk to the building known as Annunciation Church. PELLEGRENE checked her watch and was certain her group of students entered the church at 0813 hrs.

PELLEGRENE stated her students sat in the front left section (if facing the priest) closest to the large windows. PELLEGRENE herself sat on the right aisle, midway back, of the left section [see diagram in Agent notes for reference]. During the first reading, while everyone was standing, PELLEGRENE heard what she believed to be 10-15 gunshots. PELLEGRENE's initial response was to run to the back of the church, but she quickly came back to her student section. PELLEGRENE described a pause in the shooting and heard banging and shouting on the side door (located next to the

The school principal, Mr. DeBoer, yelled and told everyone to "stay down". PELLEGRENE looked up and observed a law enforcement officer in uniform standing in the back of the sanctuary. When PELLEGRENE was allowed to leave the church, she sat on the front step with the injured children waiting for paramedics to arrive. PELLEGRENE advised all of her students except one were accounted for, and she was made aware the missing child was not located at either hospital. When PELLEGRENE walked back into the church to get her cell phone, she observed a body lying on pew, covered in something like a sheet.

SLOCOMB was employed at RISE Medical Cannabis Dispensary in Eagan and first met Robin Westman (WESTMAN)in February 2025, when WESTMAN was hired at RISE Medical Cannabis Dispensary. WESTMAN had a more extensive knowledge on firearms than SLOCOMB. SLOCOMB and WESTMAN would make plans to go to the Stock and Barrel Gun Club together but never did. Approximately a month ago, SLOCOMB offered to sell WESTMAN his rifle, SLOCOMB never used the rifle and text messaged WESTMAN a stock photo of the firearm. SLOCOMB never sold anything to WESTMAN.

WESTMAN quit working at RISE Medical Cannabis Dispensary approximately a month ago. WESTMAN did not display any changes of behavior prior to quitting. SLOCOMB is unaware of why WESTMAN quit. WESTMAN did not tell SLOCOMB any future plans after quitting Rise. Around the time WESTMAN quit RISE, WESTMAN also broke up with his girlfriend because he was not happy and wanted something new. group of peoples. WESTMAN never mentioned feeling wronged by anyone or group of people. WESTMAN did not have any addictions other than vaping. WESTMAN was not much of a drinker. WESTMAN never made dark jokes or threatening statements. The only time SLOCOMB remembered WESTMAN upset was when their employer was going to use an exterminator to kill the spiders at RISE.

WESTMAN never appeared to need money. WESTMAN had thousands of dollars worth of airsoft guns. WESTMAN recently started selling his airsoft guns on Facebook Marketplace because he wanted to purchase real firearms.

WESTMAN appeared eager to learn about shooting tactics. SLOCOMB was also interested in learning how to shoot guns more efficiently but never attended any firearm classes with WESTMAN.

WESTMAN was not close with his parents. WESTMAN's mother lived on the West Coast and visited recently.

SLOCOMB's last contact with WESTMAN was on 8 August 2025 when WESTMAN text messaged SLOCOMB a photo of a rifle.

[Agent Note: SLOCOMB agreed to show agents his text messages with WESTMAN and take screenshots. These screenshots will be maintained in the 1A section of the case file.]

SLOCOMB text messaged his friend Luke Rysavvy (RYSAVVY), a Minneapolis police officer, about his text messages with WESTMAN . SLOCOMB felt guilty and shocked that such an evil person could hide and put on a front.

SLOCOMB was not aware of any friends or coworkers of WESTMAN's that the FBI should contact regarding WESTMAN. SLOCOMB provided his contact information and is amenable to further contact from the FBI.

Minnesota Bureau of Criminal Apprehension Special Agent Enis Vatres was present and his Body Worn Camera active during this interview.

Agent's written notes and screenshots from SLOCOMB's cell phone are attached as 1A.

KRISTIN STANG, date of birth: 08/10/1985, telephone number: 646-286-9046, was interviewed at Annunciation Catholic School, 525 W., 54th Street, Minneapolis, MN 55419. After being advised of the identity of the interviewing Agents and the nature of the interview, STANG voluntarily provided the following information:

STANG has taught Creative Arts, Music, and Theater at Annunciation Catholic School for two years. STANG's classroom is located in the former choir loft, directly above the cafeteria. On the morning of August 27, 2025, STANG arrived at Annunciation Catholic School at approximately 0730 hrs and walked through the basement and up the stairs to the building known as Annunciation Church. STANG's role the morning of mass was to play the piano during the service. When she arrived, STANG prepped the microphones and moved the grand piano. STANG advised the piano was positioned on the right edge of the sanctuary, furthest from the large windows.

Students filed into the sanctuary at approximately 0805 hrs. STANG advised Wednesday morning mass was open to all parishioners of the church, but the traditional attendees were parents/grandparents of students. The school principal, Matt DeBoer, addressed the congregation and welcomed everyone. STANG introduced the processional song. After the song, two of the school teachers, Andrew LeTellier and Lizzy Wooden walked to the front of the church to perform a reading.

STANG advised the gunfire began during the reading. STANG heard the sounds of glass breaking and saw students in the pews in front of the piano get up from their seats and run down the stairway that lead to the basement. STANG ran down the stairs with approximately 35 students and sought shelter inside a preschool classroom. Two colleagues followed STANG into the room and worked to barricade themselves inside. STANG recalled students screaming and crying, but did not observe any calm them with deep breathing exercises and singing.

When a member of law enforcement told them they could clear out of the room, STANG did not know what to do, so she walked the children to a nearby family

When I arrived, I assisted with other VOTF Detective's with the perimeter of the scene. I was then advised by Sgt. #453 to go to the school to the west of the crime scene to assist with parents arriving.

While walking to the school, I observed several spent shell casings and empty magazine's for a rifle on the east side of the church, I made sure not to disturb the casings or rifle magazines. I also observed bullet holes through the glass of the windows on the east side of the church. One of the empty rifle magazine's it was written "For the Children". I observed the deceased suspect laying on the ground behind the church with what appeared to be a gun shot wound. The suspect was wearing a black facemask and black clothing and appeared to be a slender white male. As I walked to the school, I observed a large amount of blood on the south side of the church where it appeared someone had been shot and left a blood trail to where they ran. I made sure not to disturb the blood trail.

While at the school, I stood by at the door while parents arrived to pick up their children. After Sgt. #691 advised us to clear, I left the scene.

SUPPLEMENTAL REPORT

SYNOPSIS:

This report will detail my involvement with an active shooter in the City of Minneapolis.

NARRATIVE:

I, Undercover Detective #323, am a Hennepin County Sheriff's Office Detective currently assigned to the Hennepin County Violent Offender Task Force (VOTF). I work in a plain-clothes capacity and am assigned to investigate violent crimes to include aggravated assaults, robberies, gang crimes, narcotics trafficking, illegal firearm possession and distribution, and fugitive apprehension cases.

On August 27th, 2025, I learned of an active shooter at 509 54th Street West in the City of Minneapolis. As I responded, I learned there were many victims and two IED (Improvised explosive device) I arrived and walked into the church as it had not yet been fully cleared. As I walked into the front doors, it opened to the chapel area of the church. I saw blood on the ground in different areas of the chapel. I saw two children who were clearly dead, with blood on their shirts, still sitting in the pews. They were located on the far west end of the chapel. I had walked up as officers checked their vitals and confirmed they were deceased. They were left where they were as it was unknown if there were still suspects at large and/or if there were victims who were injured that could be provided medical aid.

I went to the basement area of the church as I learned a father and daughter had locked themselves into the basement ice cooler. Law enforcement was able to obtain a master key, locate the two and get them to safety. After getting the two out, I finished clearing the church with other officers.

I walked out of the church, on the east side and began walking south. I saw an AR-15 magazine on the ground with writing in white letters "For the children". A short distance later, I saw a male wearing all black with lettering "FEAR" on his hat, dead outside of the church. The doors he was laying next too had clearly been shot and were shattered.

A short time later, I went to the parent reunification area located at 525 54th Street West. I remained there assisting with various tasks until cleared.

It should be noted I did not have my BWC during this time. I utilized my cellphone as a BWC using the AXON app. The app would stop recording anytime a phone call was received.

On August 27, 2025, at approximately 0830 hours I, Undercover Detective #232 of the Brooklyn Park Police Department, currently assigned to the Hennepin County Violent Offenders Task Force responded to the address of 509 W 54th Street in the city of Minneapolis for an active shooting. Updates from dispatch advised officers there was a person in a mask and rifle actively shooting people.

I arrived on scene along with other VOTF detectives and assisted in room clearing to locate any other individuals injured or sheltering in place. As I entered into the church area where I was notified there were children deceased in the pews on the west side of the room. I was asked to stand by the west door inside the church area to prevent anyone from entering the door and to keep anyone out due to the area being secure. I remained at this location until I was relieved by Minneapolis Police Personal. At this time, I along with other members of VOTF checked the building directly to the west to confirm there were no injured individuals or anyone sheltering in place. The building was checked and nobody was located.

I later assisted in the gym by helping parents from the staging area reunite with their children. I was approached by female later identified as Jillian Elizabeth Tallal; DOB: 08/22/1981. Tallal told me she was a witness and saw the suspect shooting into the church.

I asked Tallal to follow me into a classroom where HCSO Detective Pederson and I could take a statement from her.

Below is a summary of the conversation with Jillian Elizabeth Tallal; DOB: 08/22/1981:

-She lives to the south located at 5454 Harriet Ave in the city of Minneapolis.

-She was getting ready to leave and she heard what sounded like several firecrackers going off near the church.

-She saw a person wearing all black and a mask shooting a black rifle into the church.

-She heard between 75-100 shots being fired.

-He was shooting into the eastside of the building and then started to move south towards the back of the church.

-Then she ran inside her house with her neighbor. She did not remember if she her any shots after the suspect made it to the south side of the building.

I explained to Tallal that an investigator may be getting in contact with her in the future for additional questions. Tallal was released at this time.

I responded back to the gym where I observed a male that I later identified as Jessie Aleander Merkel; DOB: 06/09/1987 continue to ask about if anyone has located his child in which he was told no. Jessie's wife arrived and was given the same update. I spoke with Merkel and explained to him I would find his son. Merkel Identified his son as Fletcher Merkel; DOB: 01/07/2017. I asked Merkel for a photograph of his son for me to use for identification. I gave Merkel my contact information and I took down his contact information. I explained I would be back shortly with information.

I asked Undercover Sergeant #453 to assist me in speaking with Minneapolis Homicide Detective Schroeder and going into the church to verify if Fletcher Merkel was one of the deceased.

Undercover Sergeant #453, Detective Schroeder and I went into the church and confirmed one of the deceased in a pew was Fletcher Merkel; DOB: 01/07/2017.

Undercover Sergeant #453 and I responded back to the gym area and learned a Minneapolis Police Supervisor Olson had notified the Merkel family that Fletcher was one of the deceased.

I cleared at this time.

I was driving a blacked out HCSO SUV and I was wearing my issued body worn camera, and it was on and activated for portions of the incident.

On 8/27/25 at approximately 08:30 hours, I, along with other VOTF personal responded to assist Minneapolis Police on an active shooter at 509 54th St W in the city of Minneapolis. While in route additional information was aired regarding injuries and victims. Officers also aired that they believed they were out with the shooter behind the church and he appeared to be deceased. I arrived and responded to the front of the church. I, along with other VOTF and Minneapolis Officers completed a secondary search of the church looking for additional victims. While clearing the chapel, I observed 2 deceased children in the church on the east side laying on pews.

Once the church was secured, I responded to 525 54th St W (reunification center) where the parents of the children were being directed to reunite with their children. Sgt. Schroder requested and IBIS to where the suspect was. I responded and attempted to IBIS the deceased suspect. I attempted 2 times and received "no hit". I returned to the reunification center and assisted with coordinating the movement of people.

I was pulled aside by UC #232 and he requested that I escort him to the church in an attempt to identify one of the deceased children. He said that he had talked to parents and that he had a photo of Merkel, Fletcher DOB: 01/07/2017. We responded to the church and I spoke with Minneapolis Police Sgt. Schroeder. Sgt. Schroeder escorted us into the church and we were able to positively identify the deceased as Merkel. We returned to the reunification center and were preparing to make the notification to Fletcher's parents and Minneapolis Police had already done so.

I remained at the reunification center and assisted with confirming the identification of the other deceased child. I called and spoke with Sgt. Schroeder because both of the families of the deceased children wanted to leave. Sgt. Schroeder responded to the reunification center and we went into the nurses office and he spoke with the family of Fletcher. I remained with the family until they were escorted to the library to speak with the family of the other deceased child. Once the families were together I cleared the scene.

On 08/27/2025 I, Deputy Westbrook #241 was assigned to Enforcement Services Division (H-SEU) from 0500 -1700. While wearing my department issued uniform I was involved in the following incident.

At approximately 0830 hours, Minneapolis Police dispatch aired a possible active shooter at 509 54th street southwest. Deputies at HCMC advised HCMC security that a mass casualty was occurring, and victims were potentially coming to the hospital. I stopped traffic on 7th Street South and Chicago Ave, so ambulances had a clear path to the hospital. Due to the amount of traffic, I moved up to 7th Street South and 10th Ave to stop traffic from crowding near Chicago Ave. I controlled and blocked traffic in that area until I was advised to clear.

I controlled and blocked traffic in that area until I was advised to clear by Lt. Chelmo. I left the scene and returned to HCMC.
